Re: Capstar TX LLC, (Capstar)  
WAEB(AM), Allentown, PA  
Facility Identification Number: 14371  
Special Temporary Authority (STA)  
BESTA-20201002AAH

Dear Mr. Davis:

This is in reference to the request filed on October 2, 2020. Capstar requests a further extension of the STA granted on May 16, 2008, to operate with parameters at variance to allow time to file the required FCC Form 302 application due to the extensive repairs done over the past 12 years.<sup>1</sup> In support of the request, Capstar stated that additional time is needed to file the application to update all operating parameters.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and Capstar may continue to operate day and night with DA parameters at variance and reduced power in order to maintain monitor points within licensed limits, or using an ND antenna at night with a maximum of 0.375 kW, or with new Moment Method derived parameters (kept within 5% of the current ratio and 3° phase of those parameters). Capstar must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure

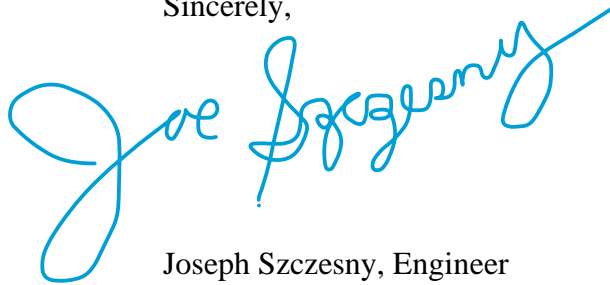

---

<sup>1</sup> WAEB is licensed for DA operation on 790 kHz with 3.6 kW day and 1.5 kW night.

guidelines. *See* 47 CFR § 1.1310. Capstar must submit an e-mail to my attention to note the date the application was filed.

This authority expires on **April 21, 2021**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large initial "J" and a long horizontal stroke extending to the right.
