Lansing, MI 48901

This letter is to certify that electromagnetic energy warning signs (purchased from the NAB), in English and in Spanish, have been installed on the doorway to the secured entrance to the tower location. The tower is located on top of the Technology and Learning Building, 400 N. Capitol Ave., Lansing, MI. Entrance to the tower is first through a secured elevator, then through a secured doorway (where the signs are attached).

Please contact me for further information.
