

**Amendment**

The New NCE-FM at Alice, TX, BPED-19980707ME is part of MX Group 971118 as listed in the FCC's Public Notice DA 04-1692 dated June 15, 2004. There is one other application listed in MX Group 971118, the application of Broadcasting for the Challenged, Channel 201, Aransas Pass, TX, BPED-19980701MB. The Alice, TX application was originally filed on Channel 201. This minor amendment specifies a change to Channel 202, which will eliminate the overlap between the Alice, TX application and the Aransas Pass, TX application. This is being done pursuant to a settlement agreement between Family Stations, Inc. and Broadcasting for the Challenged.

This minor amendment specifies the following changes to Section VII – FM Engineering:

	<u>FROM</u>	<u>TO</u>
Channel	201A	202C3
Location	27-47-58 / 98-08-08	27-53-55 / 98-05-54
ERP	1.5 kW non-DA (V)	23.7 kW DA (V)
Site elevation	73 meters	91.4 meters
Tower AGL	177 meters	85.3 meters
Towe AMSL	250 meters	176.7 meters
HAAT	103 meters	89 meters
COR AGL	107 meters	77.6 meters
COR AMSL	180 meters	169 meters
