

**COORDINATED FACILITY  
MODIFICATION AGREEMENT**

This Agreement is made and entered into this 24th day of October, 2003, by and between State Broadcasting Corporation ("State"), and Miller Communications, Inc. ("Miller").

**WITNESSETH**

WHEREAS, State is licensed by the Federal Communications Commission ("FCC") to operate Radio Station WQZY, Dublin, Georgia, on FM Channel 240, with FCC Facility Identification Number 62474 ("Station A"); and holds an FCC issued Construction Permit, File No. BPH-20030401BZD, authorizing State to make Changes in Station A's facilities;

WHEREAS, Miller is licensed by the FCC to operate Radio Station WWBD, Bamberg, South Carolina, operating on FM Channel 239 with FCC Facility Identification Number 6634 ("Station B"), and has pending an application for FCC authority (File No. BPH-20030402AEB) to improve the facilities of Station B;

WHEREAS, State is willing to change the allotment coordinates described in para. 4 of Section II-B-FM of the application for its construction permit for Station A, so that Miller can change the proposal in its FCC application for authority to improve the facilities of Station B;

NOW, THEREFORE, for and in consideration of the mutual promises and in consideration of the mutual benefits to be derived therefrom, the parties hereto agree as follows:

1. Within 5 days following execution of this agreement, Miller will dismiss its pending application and simultaneously file a new application containing the changes described above. At the same time State will file an application to modify its construction permit in the manner described above. Miller and State will comply with and file all documents as required by the provisions of Title 47 C.F.R. Sec. 73.3517(e). State's application on FCC Form 301 will specify allotment coordinates 32° 38' 15" North Latitude; 82° 36' 32" West Longitude. State shall not be required to change its actual antenna location at 32° 40' 42" North Latitude; 82° 32' 26" West Longitude. Miller will file an application on FCC Form 301 modifying the previously proposed directional antenna system and changing the reference coordinates for Station B to 33° 24' 58" North Latitude; 81° 06' 33" West Longitude. The firm of Graham-Brock, Inc., will prepare the technical portions of both applications and upload them to the FCC's website after both State and Miller have reviewed and approved them. Miller will propose for Station B's actual operation a directional antenna that will fully protect Station's A's facilities as a Class C0 station operating at the transmitter site authorized in State's Construction Permit. The application site for Station B will be at coordinates 32° 18' 39" North Latitude; 81° 04' 56" West Longitude.

2. Miller will bear the cost of preparation and submission of all portions of State's FCC application including FCC filing fees, as well as Miller's own expenses.

3. All notices to the parties as required or provided for herein shall be made in writing and served on the other party hereto:

If to Miller:

Miller Communications, Inc.  
51 Commerce Street  
Sumter, South Carolina 29150  
Attention: Mr. Harold T. Miller, Jr.
