**DECLARATION OF DEWEY ANDERSON**

1. My name is Dewey Anderson and I am the Secretary and Treasurer of Caribou County TV Association ("Caribou County"). This declaration accompanies the attached Joint Request for Approval of Settlement Agreement ("Settlement Agreement"), in which Caribou County is a party.
2. Caribou County is the applicant for a construction permit for a new TV translator station to rebroadcast the signal of KISU-TV.
3. I certify, under penalty of perjury, that Caribou County's application was not filed for the purpose of reaching or carrying out such a settlement agreement.
4. Additionally, I certify that Caribou County or its principals have not paid, received, or promised any money or other consideration for reaching this Settlement Agreement with Azteca Broadcasting Corporation
5. Grant of this Settlement Agreement is in the public interest because it eliminates the need for an auction and will allow for the grant of both applications. Furthermore, the residents of Soda Springs will also benefit from increased coverage of KISU-TV, which provides an educational television programming service.
