

Three Angels Broadcasting Network
 Dan Peek—Engineer
 P.O. Box 220
 West Frankfort, Illinois 62896
 June 3, 2009

In evaluating the proposed conversion to digital for the displacement CP for K58DL, FID 66980, an outgoing interference study was executed. The stations listed in the table below were identified as possibly receiving interference and were studied using Longly-Rice methods. Three Angels Broadcasting Network requests that the Commission waive international coordination with Canada since the 19dBu (50, 10) contour does not cross into Canadian territory (see yellow contour in the coverage map below).
