RE: KTOH (FM), Lihue, Hawaii (Channel 260 – 99.9)  
Facility ID 43732

Dear Ms. Dortch:

Hochman Hawaii One, Inc. hereby notifies the Commission of the commencement of digital broadcasting using Ibiquty Digital Corporation's HD Radio technology. Consistent with the Commission's recent Order on interim digital operations, Hochman Hawaii One, Inc. hereby supplies the following information in support of this notification:

1. Hochman Hawaii One, Inc. commenced digital broadcasting on April 8, 2015.
2. Hochman Hawaii One, Inc. hereby certifies its facilities conform to the Ibiquty Digital Corporation hybrid FM specifications.
3. In the event of interference, questions should be directed to Hochman Hawaii One, Inc.'s technical representative, George Hochman at 808-342-0065.
4. Transmitter output Power:  
Combined: 520 watts  
Analog: 500 watts  
Digital: 20 watts
5. Certification of ERP. Hochman Hawaii One, Inc. hereby certifies its analog effective radiated power will remain as authorized after commencement of digital operations.
6. Hochman Hawaii One, Inc. hereby certifies that its interim digital operations will not cause human exposure to levels of radio frequency radiation in excess of Section 1.1310

of the Commission's Rules and is therefore categorically excluded from environmental processing pursuant to Section 1.1306(b).

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Hayes", with a stylized flourish at the end.

RE: Station KTOH(FM), Lihue, HI, Digital Notification

Hi Susan

I heard back from the chief engineer at KTOH. He reports that the digital ERP is -20dBc.

If you have any other questions, please give me a call.

Thanks,

Rick Hayes

Good afternoon, Rick.

The letter digital notification that you recently submitted to the Commission via US Mail on behalf of station licensee, Hochman Hawaii One, Inc., has arrived and I have one question. I calculate from the TPO data contained in the letter that Station KTOH(FM) will be operating its hybrid digital facilities with -14 dBc digital ERP. However, since the letter did not specifically state the digital ERP, I felt that I should verify before entering the data into CDBS.

For your future reference, digital notifications for FM stations using digital ERP up to and including -14 dBc should be electronically filed using FCC Form 335 available in CDBS Informal Filings.

Thank you in advance for confirming the Station KTOH(FM) digital ERP.

Regards,

Susan
