

307(b) Grant

The original construction permit for WZKL Woodstock, IL (BPED-19990917MM) was granted on 5/30/2007 from mutual exclusive group 990307 by Memorandum Opinion and Order FCC 07-40. In FCC 07-40, the commission outlines that the Cornerstone application (now WZKL) was granted over the FSI application due to the population differential being more than 25%. The original WZKL construction permit proposed service to a population of 91,877 persons. This was 103.58% greater than the population of 45,130 proposed by FSI. The WZKL facility contemplated herein proposes service to 102,708 persons. This is 127.58% more than the FSI application. Thus, the proposed WZKL facility maintains the minimum 25% differential that the original grant was based on.

Exhibit 1-A is a map showing that the WZKL proposed facility will continue to serve substantially the same area as the original WZKL construction permit.

Exhibit 1-B is a population report of the proposed WZKL facility showing the population and area contained within the 60 dBu contour.
