Mr. Everett Helm  
 Oregon Public Broadcasting  
 7140 SW Macadam Ave.  
 Portland, OR 97219

Dear Mr. Helm:

Having reviewed the information you supplied it appears that any potential interference to KOIN-TV from the FM station or translator proposed by Oregon Public Broadcasting to be located near Portland, OR operating on channel 220 (91.9 MHz) should be minimal. However, since a possibility ~~does exist~~ KOIN will ask that you agree to comply with the following conditions:

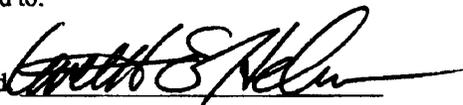

- 1) Oregon Public Broadcasting agrees to remedy interference to channel 6 users by providing a suitable notch filter, such as that provided by Microwave Filter company or the equivalent, to remove the interfering signal.
- 2) Oregon Public Broadcasting will notify KOIN in writing 30 days prior to beginning operation providing the name, address and telephone number of a contact should KOIN receive any complaints from viewers of interference.
- 3) Beginning from the date of initial operation of the proposed station, Oregon Public Broadcasting will advertise weekly for eight weeks in the local daily newspaper that interference complaints can be addressed to Oregon Public Broadcasting for corrective action and provide to KOIN a copy of the advertisement and the dates of publication and the name of the newspaper where the ad was placed.
- 4) Oregon Public Broadcasting will provide KOIN with copies of any reception complaints along with a description of the corrective action taken.
- 5) This agreement applies only to the particular application with which it is first submitted and any future changes in the operating parameters of the proposed station would require a new letter of agreement between KOIN and Oregon Public Broadcasting.

KOIN has a long and successful history of cooperation with users of the non-commercial FM community and looks forward to a similar level of cooperation with Oregon Public Broadcasting. Please return a signed copy of this letter as your understanding and acceptance of these conditions.

Sincerely,

Agreed to:
