Directional Antenna Installation Certification

In compliance with FCC Regulation 73.316, section (c), paragraph (8), this is to certify that the Shively Labs, model 6810 directional antenna for Radio Station WTOP-FM operating at 103.5 MHZ and licensed to Bonneville International Corporation has been erected according to design and installation instructions provided by Shively Lab of Bridgton, Maine.

This document is in addition to documentation from the licensed surveyor regarding antenna installation compliance.

The installation was supervised by Fred Purdy of Structural Systems Technology, Inc. of McLean, Virginia, a principal of the company who for many years has performed and supervised numerous installations.
