Re: K22FV (displacement to ch. 45) Facility ID 25222

Ladies & Gentlemen:

ACS Television, L.L.C. ("ACS") currently has the following pending window applications for channels 44 and 46 which were filed in the 2000 LPTV window:

BMAPTT-20000831CMB (44),  
BNPTTL-20000831BCB (44),  
BNPTTL-20000831BBY (44),  
BPTTA -20020125ABJ (44),  
BNPTTL-20000831AMD (46),  
BMAPTT-20000831ATJ (46)  
BNPTTL-20000831AYW (46), and  
BPTTA -20020125ABK (46).

In addition, ACS has the following licensed facilities:

K44EQ; BLTTL-19960304JL and  
K46EN; BLTTL-19960304JM.

It is ACS' understanding that K22FV (Facility ID 25222) is being displaced from channel 22 and wishes to move to channel 45, and that channel 45 could interfere with the above-noted channels. As such, ACS is willing to work with Ketchikan TV, LLC, Licensee of K22FV, to resolve any interference problems which may possibly arise in the future. In the alternative, ACS accepts any interference from K22FV that may occur as a result of the change to channel 45.

If you have any questions or concerns, please contact the undersigned at the address or phone number noted on the letterhead.

Sincerely,

  
Nicholas J. Miller,  
Wireless Operations Manager
