Richard Towne, General Manager
KUNM Radio
University of New Mexico

Via e-mail: richardtowne@kunm.org

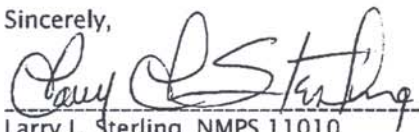

Mr. Towne,

This letter is to advise you that on March 25, 2008, I, Larry L. Sterling, a registered New Mexico Professional surveyor did inspect the FM Directional Broadcast Antenna situated in Arroyo Seco, Taos County, New Mexico.

Using a Suunto hand held compass, I made the determination that said antenna has a directional alignment of 30.3° north azimuth.

If I can be of further assistance, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script, appearing to read "Larry L. Sterling", written over a horizontal line.

Larry L. Sterling, NMPS 11010
