**Re: Station KJEF-CA
Jennings, Louisiana
Facility ID No. 8170
Resumption of Regular Operation**

Dear Ms. Dortch:

On June 21, 2004, Apex Broadcasting, Inc., licensee of Class A television station KJEF-CA, Jennings, Louisiana, requested the issuance of Special Temporary Authority to relieve the station temporarily of the requirement specified in Section 73.6001(a)(2) of the Commission's rules to "broadcast an average of at least three hours per week of locally produced programming each quarter." As shown in the attached letter requesting Special Temporary Authority, on March 15, 2004 KJEF-CA began rebroadcasting the signal of full power television station KPLC, Facility ID No. 13994, Lake Charles, Louisiana. As a result of the collapse of both of KPLC's towers, the station went dark. In order to enable residents of the Jennings, Louisiana area to continue to receive service from KPLC, KJEF-CA agreed to rebroadcast the signal of the station.

Counsel for Apex Broadcasting, Inc. hereby advises the Commission that August 24, 2004, was the last day of the rebroadcast of the signal of KPLC and accordingly, KJEF-CA resumed regular operation on August 25, 2004.
