Community Coverage Certification

According to Section VII, (14) of Form 340, an applicant is to certify that the proposed NCE station complies with community coverage requirements set forth in CFR 47 Section 73.515 and 73.313. Page 2 of this exhibit is a V-Soft Communication's Coverage Study map that contains the proposed transmitter's site. It includes the community of coverage, the 60 Dbu contour of the proposed station, the location of the tower, and both latitude and longitude lines are included to verify the location of the proposed site.
