

APPLICATION FOR STATION LICENSE
TAYLOR COUNTY BROADCASTING, INC.
WNFK RADIO STATION
CH 221A - 92.1 MHZ - 6.0 KW
PERRY, FLORIDA
February 2002

TECHNICAL STATEMENT

This Technical Statement and attached exhibit were prepared on behalf of Taylor County Broadcasting, Inc. ("Taylor"), licensee of radio station WNFK, Channel 221A, Perry, Florida. Taylor holds an outstanding construction permit to relocate and make other changes in the facilities of WNFK (BPH-19991027AAQ). This instant application seeks a license to cover this outstanding construction permit. WNFK has commenced program test with the facilities specified in its permit. Attached as Exhibit A is a calculation of the transmitter output power for WNFK.

The only condition on the WNFK authorization is the requirement that the power of the authorized facility be lowered or operation ceased to ensure that persons having access to the site were not exposed to radio frequency electromagnetic fields in excess of the FCC guidelines. Taylor herein restates that it will lower the power of WNFK or cease operation, as necessary, to ensure that no one is exposed to fields in excess of the FCC limits.
