Facility Identification Number: 8415
Special Temporary Authority (STA)
BESTA-20190117AAB

Dear Mr. Stonebraker:

This is in reference to the request filed on January 17, 2019. Calvary requests an extension n of the STA granted on July 10, 2017, to continue temporary ND operations along with co-located station KHKA(AM) to allow time to file an FCC Form 302 application for both stations.¹ In support of the request, Calvary stated that construction of the new permanent facilities is underway.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and Calvary may continue to operate with the following facilities:

Geographic coordinates
Frequency

21° 20' 09" N, 157° 53' 33" W (NAD 1927)
1040 kHz

¹ KLHT(AM) is licensed for ND operation on 1040 kHz with 10 kW (day and night), and BP-20180508ABJ authorizes ND operation with KHKA at a new transmitter site.

Hours of operation	Day and Night
Operating power	10 kW
Antenna type	150 foot self-supporting tower
ASRN	1302728
Antenna radiator height	57.1 degrees
Antenna efficiency	284.0 mV/m/kW/km

Calvary must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **August 12, 2019**.

Sincerely,

Joseph Szczesny, Engineer
