Request for Tolling

Dear Ms. Virtue,

On June 26, 2019, we received your request on behalf of MMR License LLC (MMR) for tolling of the construction deadline for the construction permit for FM Translator Station K228FX Cape Girardeau, Missouri, granted on June 8, 2018 for a three-year term expiring on June 8, 2021. Your tolling request is based on construction delays caused by damage and flooding in the Cape Girardeau area, which commenced on June 17, 2019. This request falls within one of the criteria for tolling in 47 CFR §73.3598(b)(1) and is granted.

Grant of the request is subject to the following conditions:

Tolling is effective as of June 17, 2019.<sup>1</sup> When tolling ends, 1 year, 11 months and 20 days will remain on the permit.

Tolling will remain in effect for 6 months, until December 27, 2019, absent earlier resolution of the flooding conditions. If construction cannot resume within 6 months due to the flood damage, MMR must file a status report by December 27, 2019, requesting continued tolling treatment.

MMR must notify us within 30 days of the condition being resolved. All status reports must be sent by letter to Marlene S. Dortch, Secretary, FCC, 445 12 St, S.W., Washington, D.C. 20554 with a courtesy copy by e-mail to Victoria McCauley at [Victoria.McCauley@fcc.gov](mailto:Victoria.McCauley@fcc.gov).

When tolling ends (either because MMR has not filed a request for continued tolling or because the matter has been resolved) we will calculate a new CP expiration date by adding the 1 year 11 months and 20 days.

Sincerely,

Albert Shuldiner  
Chief, Audio Division  
Media Bureau

<sup>1</sup> Pursuant to §73.3598(c) of the rules, because the request was filed more than 30 days from grant of the original CP application, we look back 30 days from the date of filing to determine the effective date of tolling.
