RE: Low Power Television application of Sevier County Channel 20, Sigurd & Salina, UT.
File number: BPD TT-20100809CIL
Facility ID No.: 167333

Mr. Hashemzadeh:

The University of Utah is currently the licensee of K20DW-D serving rural Juab County, Utah.

The University of Utah is also aware that Sevier County has filed an application for a power increase of K20JA-D, file number BPD TT-20100809CIL, serving Sigurd & Salina, Utah.

Because of several issues, including Mountain Terrain shielding, the University of Utah does not expect the proposed Sevier County application for a power increase of K20JA-D to interfere with the current service of K20DW-D licensed to the University of Utah.

We therefore have no objection to the granting of the present application for a power increase of K20JA-D, file number BPD TT-20100809CIL, licensed to Sevier County.

Respectfully,

Phil Titus
Director of Engineering
KUED/KUEN/KUES
