Re: WMDV-LP, Danville, Virginia
Facility ID No. 67782

Dear Licensee:

By letter dated August 17, 2010, the staff cancelled the license for low power television station WMDV-LP, Danville, Virginia pursuant to Section 312(g) of the Communications Act because Commission records indicated that the station had been silent since June 1, 2009. Starnews Corporation, the licensee of the station, filed a timely petition for reconsideration. In the petition, Starnews represents that it constructed its authorized facility¹ and broadcast programming on WMDV-LP on May 26 and 27, 2010 for a period of eight hours each day. In view of the foregoing, the petition for reconsideration IS GRANTED and the license IS REINSTATED.

Sincerely,

Hossein Hashemzadeh
Associate Chief, Video Division
Media Bureau

cc: Nathaniel J. Hardy, Esq.
