In re: Low Power Television Application of:
Applicant: William Morgan
Channel 34, Calhoun City, MS.
File number BLDTL-20100205ACT
Facility Id No.:72540

Dear Applicant:

We are currently processing your above-referenced digital license application. Our preliminary engineering review reveals that your proposed digital license application maximum effective radiated power (ERP) is reported to be 50 kW which does not match the ERP of 3 kW as granted on the underlying construction permit; therefore, the above referenced digital license application IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
Associate Chief
Video Division
Media Bureau
