Granger, WA

New-T

Channel 279

Calvary Chapel of Twin Falls, Inc. is operating K204DH, Hanford, WA to the northeast. This existing translator K204DH is operating within the protected contour of KAYB.CP, Sunnyside, WA. KAYB is now operating on Channel 201, but has been granted a CP to modify its signal to channel 204, which is that of K204DH. It isn't possible to modify K204DH at this time, due to the NCE "freeze". Once KAYB commences operations on Channel 204, K204DH will have to cease its operation until such a time that KAYB has obtained a License and modification is possible to a lower channel for K204DH. Calvary Chapel has a listening public in the Hanford, Sunnyside and Grandview area and this New-T application will enable Calvary Chapel to continue to serve the public interest.
