109 Zorza Drive

Ishpeming, MI 49849

Dear Sirs;

I have measured the azimuth of the new directional antenna for WSHN(FM) located in Section 36, T49N-R27W, Ishpeming Township, Marquette County, Michigan off of County Road 510.

I have verified that the new antenna is installed at a true azimuth of 115 degrees, measured by using Solar Observations, which has accuracy of better than 1 degree.

Sincerely,

Neil J. Lynch
Professional Surveyor
