

TECHNICAL STATEMENT
RADIO MULTIPLE OWNERSHIP ANALYSIS
CAPSTAR TX LIMITED PARTNERSHIP

This statement was prepared on behalf of Capstar TX Limited Partnership ("CTLP"), a licensee subsidiary of Clear Channel Communications, Inc. ("CCC"). CTLP proposes to correct the antenna location of KWHN Fort Smith, Arkansas. A multiple ownership analysis was prepared considering radio stations under present or proposed common ownership, time brokerage or joint sales.ⁱ

Arbitron Market Study

In this application, CTLP is proposing to correct the antenna location of Station KWHN Fort Smith, Arkansas. The community of license, Fort Smith, Arkansas, is in Sebastian County, which is part of the Fort Smith, Arkansas Arbitron Metro and thus KWHN is geographically located in this Arbitron Metro. KWHN is designated "home" to the Fort Smith, Arkansas Arbitron Metro; the number of stations owned by CCC in the Fort Smith, Arkansas Arbitron Metro is not changing by this application.

According to the FCC's local ownership "tiers," in a Metro reported by BIA as having 30 or more commercial and noncommercial educational full-power radio stations, a party may have a cognizable interest in up to 7 commercial full-power radio stations, not more than 4 of which are in the same service(AM or FM)ⁱⁱ. This application complies with the multiple ownership rules because only 4 of 30 full-power radio stations (3 FM and 1 AM) will be attributable to CCC.

Interim Contour-Overlap Analysis

Because the principal community of KWHN and the communities of all commonly-owned or attributable stations with overlapping principal contours with KWHN are located inside an Arbitron Metro, an interim contour-overlap analysis is not required.

Respectfully Submitted,

Troy G. Langham

FCC Engineering Supervisor

ⁱ None of the following stations are attributable by virtue of a time brokerage agreement or joint sales agreement
ⁱⁱ no person or single entity (or entities under common control) may have a cognizable interest in more than 50% of the full-power, commercial and noncommercial radio stations in such market unless the combination of stations comprises not more than one AM and one FM station.
