

**EXHIBIT 15**  
**Adverse Findings**

**The FCC has previously approved and found Mr. Tucker to be a qualified licensee. See Exhibit #7 herein for the list of granted applications pertaining to such matters.**

Stanley W. Tucker is a Member and President of MSBDF A Asset Management, LLC, which is the Corporate General Partner of MSBDF A Asset Management, LP, the General Partner of MMG Ventures, LP, one of four transferees to this application. In 1969, 33 years ago, Mr. Tucker was convicted of a felony for selling two \$5 bags of marijuana. He received a ten-year prison sentence and was released after serving three years. Subsequent to that incident, Mr. Tucker has lived an exemplary life and had an exemplary career. Among numerous other accomplishments, he served 15 years as the Executive Director of the Maryland Small Business Development Financing Authority, a self-sufficient state agency that assists socially or economically disadvantaged small businesses. His leadership resulted in the Authority being recognized as a national model for minority business development and financing and has led to the investment of scores of millions of dollars into small and minority business finance and development. In 1995, the U.S. Small Business Administration granted a Specialized Small Business Investment Company license to MMG Ventures, LP, which operates under Mr. Tucker's leadership.

Mr. Tucker's commitment to public service and his community are exemplary as illustrated in the numerous educational, community and business organizations he is involved with. Mr. Tucker currently serves a Member of the Board of Directors/Trustees for the following organizations:

Baltimore Youth Alliance  
Baltimore City Work Force Investment Board  
National Association of Investment Companies (Former Chairman)  
Harbor Bank  
American Skyline Insurance Company  
Morgan State University Foundation  
The H. John Heinz III School of Public Policy and Management, Carnegie Mellon University

In light of the facts that Mr. Tucker's conviction occurred over 30 years ago, involved an isolated incident, resulted in his early release from the sentence imposed, and has been without recurrence, and considering his stellar contributions to society since that time, MMG Ventures, LP, is a qualified transferee of the stations involved in this application.
