Exhibit 5 – Compliance with Multiple Ownership Rules

I. Compliance with the Local Radio Ownership Rule.

Affiliates of CBS Radio Inc. ("CBS Radio") are the owners of the following stations relevant to this application:

Call Sign	Facility ID	Community of License	County of License
WLLD(FM)	18527	Holmes Beach, Florida	Manatee
WQYK(AM)	28629	Seffner, Florida	Hillsborough
WQYK-FM	28619	St. Petersburg, Florida	Pinellas
WRBQ-FM	11943	Tampa, Florida	Hillsborough
WSJT(FM)	51987	Lakeland, Florida	Polk
WYUU(FM)	18512	Safety Harbor, Florida	Pinellas

Hillsborough County and Pinellas County are part of the Tampa-St. Petersburg-Clearwater Metro, as defined by Arbitron. WLLD(FM) is located in Manatee County, which is part of the Sarasota-Bradenton Metro, but is reported as "home" to the Tampa-St. Petersburg-Clearwater Metro. Similarly, WSJT(AM) is located in Polk County, which is part of the Lakeland-Winter Haven Metro, but is reported as "home" to the Tampa-St. Petersburg-Clearwater Metro. Therefore, the local radio ownership showing for WLLD(FM) and WSJT(FM) is provided using the Arbitron market methodology. Because the principal community of the station to be modified, and the communities of all commonly-owned or attributable stations with overlapping principal contours with the station to be modified are located within an Arbitron Metro, an interim contour-overlap analysis is not required.

The FCC Geographic Market Definition for Tampa-St. Petersburg-Clearwater, FL attached hereto as Exhibit A was compiled on August 6, 2007 using BIA Research, Inc.'s *Media Access Pro* database. The exhibit lists all radio stations, including the stations addressed herein, that are licensed to communities within the counties comprising the Tampa-St. Petersburg-Clearwater Metro or that Arbitron designates as "home" to that Metro. As demonstrated in the exhibit, there are 48 operating stations in the Tampa-St. Petersburg-Clearwater Metro, as so defined. Under the local radio ownership rule, a person or single entity (or entities under common control) in a radio market with 45 or more full-power, commercial and noncommercial radio stations may have a cognizable interest in up to 8 full-power commercial radio stations (not more than 5 of which are in the same service (AM or FM)).

CBS Radio's ownership interest in 5 FM and 1 AM stations fully complies with the local radio ownership rule using the Arbitron market methodology.
