

EXHIBIT 10 - FILL-IN TRANSLATOR RELATIONSHIP TO PRIMARY STATION

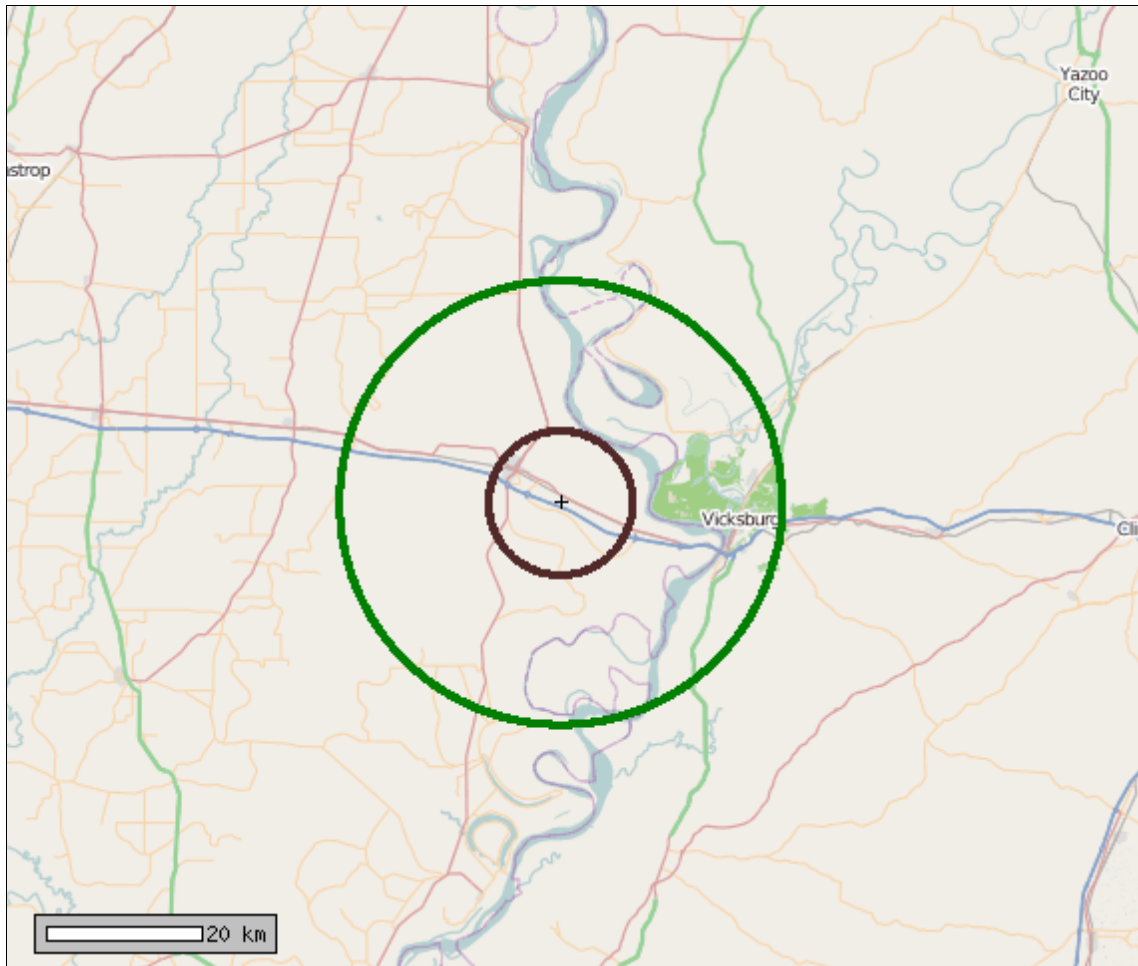

Figure 1: The map above depicts the F(50,50) 60 dBu contours of both the proposed fill-in translator (dark red contour) and the primary station, KSBV 92.7 FM (Facility ID 183340, green contour). As shown above, there is no point at which the translator's F(50,50) 60 dBu service contour exceeds that of the KSBV 92.7 FM primary service area.
