RE: Installation of a standard Shivley 5 Bay Vertical model antenna on the Bluefield Radio Tower site located in Mercer County, WV

Mr. McClanahan

Mead & Hunt visited the Bluefield Radio Tower site on March 21, 2012 and found that the Shivley 5 Bay Vertical antenna is mounted to a frame pivoted off the West leg of the tower and position to an azimuth of  $260^{\circ} (\pm 1^{\circ} \text{ degree})$
