Add a circle: Latitude: 40 -16 -53 -NL Longitude: 75 -21 -16 -WL Radius: 15km (First Adj. < 7.3km) **Map** **Satellite**

The map displays the Allentown-Bethlehem area in Pennsylvania. A black circle with a radius of 15km is centered on the coordinates 40-16-53, 75-21-16. The circle covers parts of Allentown, Lehigh Valley, and surrounding areas. Major roads like I-476, I-78, and I-202 are visible. Towns such as Allentown, Lehigh Valley, and Reading are labeled. Parks like Pocono Lake Preserve and Hickory Run State Park are also shown. The map includes a scale bar and a compass rose.

This tool will show locations where we predict that the FCC will consider a protected LPFM Channel/Point.

A translator application must protect LPFM opportunities at these locations on the channel indicated.

If the translator prevents an LPFM station from being constructed at this location, the application would be dismissed.

Translators will need to make a showing to demonstrate compliance.
