RE: Clear Channel Broadcasting Licenses, Inc. (FRN No. 0001587971)
Request for waiver of Construction Permit Expiration Date
W229CK, Facility ID No: 140439

Dear Ms. Dortch:

Clear Channel Broadcasting Licenses, Inc. ("CCBL."), the permittee of FM Translator Station W229CK, (the "Station") and CC Licenses, LLC., licensee of AM Station WHEN, Syracuse, New York, the proposed primary station specified in the pending Modification Application filed recently for the Station (BMPFT - 20160729AGF), and pursuant to Section 1.3 of the Commission's rules, request a waiver of Section 73.3598 of the Commission's rules to permit CCBL. additional time to construct the Station.

The Commission has recognized that construction deadline waivers would expand broadcasting opportunities for AM stations, allow AM licensees to realize service improvements quickly and incentivize permittees to participate in the modification window process, thus avoiding the delay burden of re-auctioning the spectrum. Waiver of the Commission construction deadline would clearly be in the public interest with respect to Station W229CK. CCBL. hereby commits to prompt construction and initiation of broadcast operations by the translator station.

In view of the above, CCBL and CC Licenses, LLC. request that the Commission waive its construction deadline rule for Station W229CK and extend the construction permit expiration date for that Station for six months.

Respectfully submitted,

Clear Channel Broadcasting Licenses, Inc.

Troy G. Langham
