SURVEYOR'S AFFIDAVIT

Now comes **George T. Paris**, who upon oath deposes and says that he is a Professional Land Surveyor (L-1184) in the State of North Carolina, and that he has made a survey of the antenna of Standard FM Broadcast Station **WKML/WFLB** on the 5th day of April, 2012. The orientation of the antenna relative to True North (0 degrees) is 100 degrees.

Further, he says that the result of the work product contained herein is true and accurate to the best of his knowledge and belief, that the work product herein was produced by him or under his direct and immediate supervision and, as to that, that he does verily believe the results of this survey to completely and accurately represent the conditions described herein.

Further the affiant saith naught.
