File number: BDFCDTT-20140109AAP

Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed facility does not meet the requirement that the proposed protected contour overlap some portion of the protected contour of the authorized facility.

Also, we have found that it is necessary for you to file Form 7460-1 with the Federal Aviation Administration (FAA). At the time you file with the FAA, send a dated copy of Form 7460-1 to the Low Power Television Branch. If you have previously filed Form 7460-1, report to us the current status. If the FAA has given you clearance, please submit or complete the tower **registration FCC Form 854**. The Form 854 should be submitted to;

Federal Communications Commission
Antenna Structure Registration
1270 Fairfield Road
Gettysburg, PA 17325

OR YOU MAY REGISTER on line at; <http://www.fcc.gov/wtb/antenna/hottopics.html>

Upon completion submit the tower registration number to the attention of: Melvin Collins Room No. 2-C814, Federal Communications Commission, 445 12th Street SW, Washington, DC 20554.

You are required to electronically amend your application to resolve these specified problems within **(30)** days of the date of this letter. If not so amended electronically, your application will be **CONSIDERED INCOMPLETE AND SUBSEQUENTLY DISMISSED**.

Sincerely
