

Amendment to BPH-20070705AAA

The WMCD Minor Change Application BPH – 20070705AAA is being amended for the following reasons. The original application was filed with reasonable assurance at an existing tower site. However, a satisfactory tower lease could not be obtained. Reasonable assurance has been obtained at the amended application site. The allotment site reference coordinates have been changed to be as close to the new application site as is reasonably possible. The specific sections and exhibits amended are listed below:

Section 3-B FM Engineering:

3. Antenna Location Coordinates
 4. Proposed Allotment of Assignment Coordinates
 5. Antenna Structure Registration Number
 6. Overall Tower Height Above Ground Level
 7. Height of Radiation Center Above Ground Level
 8. Height of Radiation Center Above Ground Level
 9. Height of Radiation Center Above Average Terrain
 10. Effective Radiated Power
