

**EXHIBIT 18
FCC Form 315
Section IV, Question 8**

Multiple Ownership Compliance

By this application, Results Radio of Sacramento, LLC, a newly-formed Delaware limited liability company, seeks consent to acquire FM radio station KCCL, Placerville, California. KCCL is located within the Sacramento, California, Arbitron Metro Survey Area ("Sacramento Metro"). Neither Transferee nor the Transferee parties to this application has an attributable interest in another broadcast station located in the Sacramento Metro.

It is noted that FM radio station KMJE, Gridley, California, a station under common control with Transferee's managing member Results Radio Management of Sacramento, LLC, has a minor change application pending seeking FCC consent to change the community of license of KMJE to Woodland, California, a community located within the geographic boundaries of the Sacramento Metro (BPH-20070126ACY). The Sacramento Metro contains 47 full power radio stations. *See* BIA FCC Geographic Market Definition Report for Sacramento, California, attached hereto.¹ Pursuant to the FCC's rules, in a market with 45 or more full-power radio stations, a single party may hold an attributable interest in up to eight commercial radio stations, not more than five stations in the same service (FM or AM). 47 C.F.R. § 73.3555(a)(1)(i). Thus, an attributable interest in two FM radio stations in the Sacramento Metro complies with this rule.

¹ The BIA summary was filed with the recently granted and consummated January 22, 2008 Form 315 application for consent to the transfer of control of First Broadcasting Sacramento, LLC from First Ventures Capital Partners, Inc. to Alta Communications IX, L.P. et al (BTCH-20080122AAJ).
