Recommended Marking/Lighting:	
Current Marking/Lighting:	None
	<i>Other :</i> <input type="text"/>
Nearest City:	Plains
Nearest State:	Montana
Description of Location:	This is an existing tower and ancillary building constructed over 20 years ago located 3.68 miles at a bearing of 323 degrees off the end of the Plains airport runway. The site is 222' below the 4,052' peak located 600 feet north of the site.
Description of Proposal:	This application is being filed for the sole purpose of meeting FCC requirements. Expedited processing is respectfully requested as the structure is well below the mountain peak and thus would be expected to have no aeronautical impact.
