To Whom It May Concern,

Southern Broadcast Services installed one Shively 6810-7-EF-DA antenna at a COR of 370' on a guyed tower located at 143F Old Port Gibson Rd, Port Gibson, MS 39150 for radio station WATU-FM. The coordinates for the tower are: 32-07-56/90-45-29. The antenna was directed at an azimuth of 103 degrees and installed per directions accompanying the antenna from Shively. Azimuth was not verified by a surveyor before SBS left the site. The surveyor was unavailable prior to the departure of SBS; this was relayed by SBS crew leader to American Family Radio. The crew leader on the job was Darin Cook.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jimmy W. Coleman, Jr.', written over a horizontal line.

Jimmy W. Coleman, Jr.
President
Southern Broadcast Services
