In re: Low Power Television Application of:
Philadelphia Television Network, Inc.
Channel 48, Philadelphia, PA.
File no.: BPDTL-20120105ACV
Facility Id No.: 167606

Dear Applicant:

The above referenced application is dismissed.

The licensee was sent a deficiency letter on January 12, 2012. You were given 30 days from the date of that letter to file an amendment to resolve the deficiencies that were discovered during the initial review of your application as shown below. Amendments must be filed electronically. Failure to amend your application will result in the dismissal of the application.

Specifically, the proposal is predicted to cause interference to the following facilities:

1. WFMZ-TV, Philadelphia, PA. – BDRTCT-20090604ABI
2. WRNN-TV, Kingston, NY. – BPCDT-20111118CBY & BLCDT-20040908AMF
3. WWSI, Atlantic City, NJ. – BPCDT-20100607AHA

Our records show that no amendment has been filed as of February 28, 2012, to resolve the above referenced deficiency. Our current interference analysis shows the same interference issues still exist as referenced above.

Sincerely

Hossein Hashemzadeh
Deputy Chief
Video Division
