Subject: RE: 20111121AXZ

The client has decided to drop both 20111121AXZ and 20110211AEN and apply for a different companion channel. Will note all of this in the new application today.

We have not received a response to the email below. If we do not receive a response within 10 days, we will cancel the companion channel permit and process the flashcut application.

The station for the subject application already has a companion channel permit (BDCCDTL-20110211AEN). They can not have both.
