### **Radio-Television Cross Ownership Voices Study**

**Prepared for Entravision Holdings, LLC  
November 2013**

The following count of independently-owned media voices in the McAllen-Harlingen-Brownsville market was prepared in accordance with the Rules and Regulations of the Federal Communications Commission, in connection with an application for minor modification of KNVO-FM at Port Isabel, Texas (Facility ID #40680).

Entravision Holdings controls and will continue to control 1 commercial television and 4 commercial radio stations in the McAllen-Brownsville-Harlingen radio market:

<b>Entravision Holdings, LLC</b>	KNVO(TV) McAllen, TX  KFRQ(FM) Harlingen, TX KKPS(FM) Brownsville, TX KVLV(FM) Edinburg, TX KNVO-FM Port Isabel, TX
----------------------------------	--

Application of the radio-television cross ownership rule is triggered by the fact that the Noise Limited Service Contour ("NLSC") of KNVO(TV) completely encompasses the KNVO-FM community of license.

This study was prepared in accordance with the standards of §73.3555(c) of the Commission's Rules as that rule section existed prior to the 2003 revision, the application of which was stayed by the Third Circuit Court of Appeals. The following media voices were counted:

**TV Stations:** Independently-owned and operating full-power broadcast TV stations within the DMA of the KNVO(TV) community of license that have Noise Limited Service Contours that overlap with the NLSC of KNVO(TV).

**Radio Stations:** Independently-owned and operating primary broadcast radio stations that are in the radio metro market of the KNVO(TV) community of license or the radio stations' communities of license.

**Newspapers:** English-language newspapers that are published at least four days a week within the KNVO(TV) DMA and that have a circulation exceeding 5% of the households in the DMA.

**Cable System:** Cable television is generally available to households in the DMA, therefore counting as one voice in the DMA, regardless of how many individual cable systems operate in the DMA.

This study demonstrates that there will remain at least 19 independently-owned media voices in the market. This is sufficient to qualify for common ownership of up to 2 commercial TV and 4 commercial radio stations. Entravision will own 1 commercial TV station and 4 commercial radio stations in this market, and therefore the requirements of §73.3555(c) are satisfied.
