RE: **REQUEST TO TOLL CONSTRUCTION PERMIT**

File Number: BPML - 20141119AGY
FID: 195571
CALL sign: KTAL-LP 101.5, Las Cruces, NM
Expiration date: May 14, 2016
Permittee: Southwest Environment Center

RECEIVED
2016 FEB 24 P 3:35
AUDIO SERVICES DIVISION

To the Secretary:

This is a formal request on behalf of the Southwest Environment Center, holder of Construction Permit File number BPML - 20141119AGY for KTAL-LP 101.5 FM under construction in Las Cruces NM, to toll this permit.

Because of our proximity to the border with Mexico, this Construction Permit was issued with the Special Restriction that it was granted "... prior to completion of the international notification Permit process. Therefore any construction of or operation of the facilities specified ... is at the applicant's own risk... if objected to by the Instituto Federal de Telecomunicaciones (IFT) in Mexico..."

This permit is scheduled to expire on May 14, 2016, and having received no notification yet from the IFT approving this new station, we request that the permit be tolled by the FCC at this time.

Thank you for your timely action.

Kevin Bixby
Executive Director, Southwest Environment Center
