TECHNICAL STATEMENT

1. This technical statement and attached exhibits were prepared on behalf of Cumulus Media Inc. ("Cumulus"), to verify compliance with §73.3555(a) of the Commission's rules regarding stations in the Kansas City, Missouri area. It is noted that KCFX, Channel 266C0, Harrisonville, Missouri; KCHZ, Channel 239C1, Ottawa, Kansas; KCJK, Channel 286C1, Garden City, Missouri; KCMO, 710 kHz, Kansas City, Missouri; KCMO-FM, Channel 235C0, Shawnee, Kansas; and KMJK, Channel 297C1, North Kansas City, Missouri are licensed to CMP Houston-KC, LLC. Cumulus holds an attributable ownership interest in this licensee. The city grade contours (70 dBu for FM and 5.0 mV/m for AM) for these six subject stations are shown in Exhibit #1.

2. KCFX, KCJK, KCMO, KCMO-FM, and KMJK are licensed to communities in a metro county in the Kansas City, Missouri-Kansas Nielsen Market. KCHZ is not licensed to a community in a metro county in the Kansas City market, but is considered "home" to that market. Therefore, this review will verify compliance of commonly owned stations in both rated and non-rated markets.

KANSAS CITY, MO-KS NIELSEN / BIA MARKET REVIEW

3. As shown on Exhibit #2, there are forty-five AM and FM (commercial and non-commercial) stations listed in the Kansas City, Missouri-Kansas Nielsen Market (Market #35). Cumulus would control one AM station and five FM stations in the market. The number of stations indicated falls in the forty-five or more stations tier of §73.3555(a)(1)(i) of the Commission's rules. At this level, common ownership or control of up to eight stations, with no more than five in the same service, is permissible. Therefore, Cumulus is in compliance in the rated Kansas City market.

REVISED CONTOUR OVERLAP REVIEW

4. Since KCHZ is a non-metro station, a study has been conducted to verify that the ownership of this station, in conjunction with the other subject stations, is also in compliance with the Commission's multiple ownership rules. As noted above, the locations of the city grade contours create an area of overlap between KCFX, KCHZ, KCJK, KCMO-FM, KMJK, and KCMO-AM, requiring review. Based on the area of overlap, a single distinct market is created. This market is shown in Exhibit #3.

5. Exhibit #4 is a depiction of the other AM and FM stations (commercial and non-commercial) providing service to the Contour Radio Market Boundary, showing eighty contributing stations. Exhibit #5 is a tabulation of the stations in the Contour Radio Market. The number of stations depicted falls in the forty-five or more stations tier of §73.3555(a)(1)(i) of the Commission's rules. At this level, common ownership or control of up to eight stations with

no more than five in the same service is permissible. Therefore, Cumulus is in compliance in the non-rated Contour Radio Market.

6. Based on the compliance shown in rated and non-rated markets, the proposed transfer of control is in compliance with §73.3555(a) of the Commission's rules, regarding the above referenced stations.

7. The foregoing technical statement was prepared on behalf of Cumulus Media Inc., by Graham Brock, Inc., its Technical Consultants. All information contained herein is true and accurate to the best of our belief and knowledge. All data relating to AM and FM facilities in the relevant BIA/Nielsen market was determined using the BIA/Kelsey Media Access Pro, Version 4.61, BIA database. Technical data related to AM and FM facilities was extracted from the Commission's CDBS database. We assume no liability for errors or omissions in either database which may be adverse to the information contained herein.
