

CONTOUR BASED OWNERSHIP STUDY

This study is provided as analysis of the aural broadcast market formed by the modification of the construction permit for KTLH owned by Alpha Media Licensee, LLC. A plot of the city-grade contours and overlap study have been run by Laramie Guest of Guest Technology, LLC and is submitted in this exhibit.

Station	Facility ID	City of License
KTLH(FM)	198622	Hallsville, TX
KYKX(FM)	54844	Longview, TX
KTAL-FM	33728	Texarkana, TX

Of the above stations, KTLH is the only station whose community of license is not located within the geographic boundaries of any Nielsen Metro and will be the subject of this contour based ownership study. In Market 1, which is composed of more than 63 radio stations, the licensee will own 3 FM's. Accordingly, under the limits set forth in §73.3555 the acquisition is in full compliance with the Commission's ownership rules.
