

**Schedules to the Asset Purchase Agreement
and Justification for Exclusion**

Schedule 4.11(a) – This schedule lists financial statements of revenues and expenses for income tax purposes. The parties to the application believe that the schedule is not material to the Commission's consideration of the instant application, and there is no public interest rationale that would require the financial statements to be made public. However, should the Commission conclude that the information contained in Schedule 4.11(a) is necessary for consideration of the application, it will be promptly provided.

Schedule 4.11(b) – This schedule lists interim financial statements. The parties to the application believe that the schedule is not material to the Commission's consideration of the instant application, and there is no public interest rationale that would require the interim financial statements to be made public. However, should the Commission conclude that the information contained in Schedule 4.11(b) is necessary for consideration of the application, it will be promptly provided.

Schedule 4.19 – This schedule addresses employee/employment matters. The parties to the application believe that the schedule is not material to the Commission's consideration of the instant application, and there is no public interest rationale that would require the schedule to be made public. However, should the Commission conclude that the information contained in Schedule 4.19 is necessary for consideration of the application, it will be promptly provided.

OWNER POLICY
FORM PRESCRIBED BY STATE BOARD OF INSURANCE OF TEXAS

44 180 50 01114

CHICAGO TITLE INSURANCE COMPANY

a Missouri corporation, hereinafter called the Company, for value does hereby guarantee to the Insured (as herein defined) that as of the date hereof, the Insured has good and indefeasible title to the estate or interest in the land described or referred to in this policy.

The Company shall not be liable in a greater amount than the actual monetary loss of the Insured, and in no event shall the Company be liable for more than the amount shown in Schedule A hereof, and shall, except as hereinafter stated, at its own cost defend the Insured in every action or proceeding on any claim against, or right to the estate or interest in the land, or any part thereof, adverse to the title to the estate or interest in the land as hereby guaranteed, but the Company shall not be required to defend against any claims based upon matters in any manner excepted under this policy by the exceptions in Schedule B hereof or excluded by Paragraph 2, "Exclusions from Coverage of this Policy", of the Conditions and Stipulations hereof. The party or parties entitled to such defense shall within a reasonable time after the commencement of such action or proceeding, and in ample time for defense therein, give the Company written notice of the pendency of the action or proceeding, and authority to defend. The Company shall not be liable until such adverse interest, claim, or right shall have been held valid by a court of last resort to which either litigant may apply, and if such adverse interest, claim, or right so established shall be for less than the whole of the estate or interest in the land, then the liability of the Company shall be only such part of the whole liability limited above as shall bear the same ratio to the whole liability that the adverse interest, claim, or right established may bear to the whole estate or interest in the land, such ratio to be based on respective values determinable as of the date of this policy. In the absence of notice as aforesaid, the Company is relieved from all liability with respect to any such interest, claim or right; provided, however, that failure to notify shall not prejudice the rights of the Insured if such Insured shall not be a party to such action or proceeding, nor be served with process therein, nor have any knowledge thereof, nor in any case, unless the Company shall be actually prejudiced by such failure.

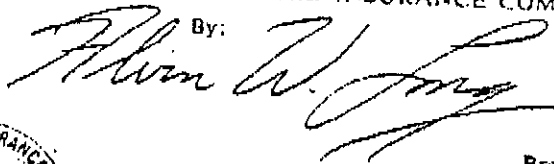

Upon sale of the estate or interest in the land, this policy automatically thereupon shall become a war-rantor's policy and the Insured shall for a period of twenty-five years from the date hereof remain fully protected according to the terms hereof, by reason of the payment of any loss, he, they or it may sustain on account of any warranty of title contained in the transfer or conveyance executed by the Insured conveying the estate or interest in the land. The company shall be liable under said warranty only by reason of defects, liens or encumbrances existing prior to or at the date hereof and not excluded either by the exceptions or by the Conditions and Stipulations hereof, such liability not to exceed the amount of this policy.

In Witness Hereof, CHICAGO TITLE INSURANCE COMPANY has caused this policy to be executed by its President under the seal of the Company, but this policy is to be valid only when it bears an authorized counter-signature, as of the date set forth in Schedule A.

CHICAGO TITLE INSURANCE COMPANY

a Missouri corporation, hereinafter called the Company, for value does hereby guarantee to the Insured (as herein defined) that as of the date hereof, the Insured has good and indefeasible title to the estate or interest in the land described or referred to in this policy.

The Company shall not be liable in a greater amount than the actual monetary loss of the Insured, and in no event shall the Company be liable for more than the amount shown in Schedule A hereof, and shall, except as hereinafter stated, at its own cost defend the Insured in every action or proceeding on any claim against, or right to the estate or interest in the land, or any part thereof, adverse to the title to the estate or interest in the land as hereby guaranteed, but the Company shall not be required to defend against any claims based upon matters in any manner excepted under this policy by the exceptions in Schedule B hereof or excluded by Paragraph 2, "Exclusions from Coverage of this Policy", of the Conditions and Stipulations hereof. The party or parties entitled to such defense shall within a reasonable time after the commencement of such action or proceeding, and in ample time for defense therein, give the Company written notice of the pendency of the action or proceeding, and authority to defend. The Company shall not be liable until such adverse interest, claim, or right shall have been held valid by a court of last resort to which either litigant may apply, and if such adverse interest, claim, or right so established shall be for less than the whole of the estate or interest in the land, then the liability of the Company shall be only such part of the whole liability limited above as shall bear the same ratio to the whole liability that the adverse interest, claim, or right established may bear to the whole estate or interest in the land, such ratio to be based on respective values determinable as of the date of this policy. In the absence of notice as aforesaid, the Company is relieved from all liability with respect to any such interest, claim or right; provided, however, that failure to notify shall not prejudice the rights of the Insured if such Insured shall not be a party to such action or proceeding, nor be served with process therein, nor have any knowledge thereof, nor in any case, unless the Company shall be actually prejudiced by such failure.

Upon sale of the estate or interest in the land, this policy automatically thereupon shall become a warrantor's policy and the Insured shall for a period of twenty-five years from the date hereof remain fully protected according to the terms hereof, by reason of the payment of any loss, he, they or it may sustain on account of any warranty of title contained in the transfer or conveyance executed by the Insured conveying the estate or interest in the land. The company shall be liable under said warranty only by reason of defects, liens or encumbrances existing prior to or at the date hereof and not excluded either by the exceptions or by the Conditions and Stipulations hereof, such liability not to exceed the amount of this policy.

In Witness Hereof, CHICAGO TITLE INSURANCE COMPANY has caused this policy to be executed by its President under the seal of the Company, but this policy is to be valid only when it bears an authorized counter-signature, as of the date set forth in Schedule A.

SUB: Visit to Tower near Eola, Texas

Dear Mr. Bigley,

On April 14, 2004, I visited your tower operations for the purpose to identify the potential for property and business interruption losses and to assist in your overall loss prevention efforts.

As a result of my visit and our discussion, the attached recommendations are submitted for your implementation. We also discussed the repairs that Coast to Coast will conduct later this spring. Please forward me a copy of their report. Repairs to be conducted are replacing several cross bracing, re-clamp several grounding and bonding cables, and repairing cracks in several damper platforms.

I would appreciate it if you would contact me in writing the status of the recommendations within the next forty-five (45) days. I have also included several photos for your use. Please do not hesitate to contact me with any questions, comments, concerns, or if I can be of assistance in the future.

Sincerely,

Eola, TX 76937

Package Policy Number: 35753763

April 28, 2004

Attention: Roland Bigley, Engineer, (325) 949-8800.

2004/04-1. FIRE EXTINGUISHER: One of the portable fire extinguishers is in need of service. It is recommended that a competent person or a recognized extinguisher servicing company provide annual servicing. A tag should be attached indicating the month and year of maintenance and the recharge if performed. Reference: NFPA 10.

COMMENT: Fire extinguishers require periodic maintenance in order to ensure their reliability and proper manual fire fighting capability. The extinguisher will be replace as soon as possible.

2004/04-2. COMBUSTIBLES: Remove the combustible boxes from in front of the electrical equipment and maintain a 36-inch clear space. Reference NFPA 13.

COMMENT: The combustibles pose an undue hazard to the critical electrical switchgear.

2004/04-3. VEGETATION: The area within the fence and around all guy wire platforms should be kept free of vegetation, debris, and any other material that is not necessary. Vegetation should be kept cut low. Procedures should be provided for weed control and the periodic cleanup of the area. Weeds, grass, and similar vegetation should be prevented throughout the entire fenced in area and any vegetation growth should be sprayed as often as needed with a satisfactory herbicide or ground sterilizer, or grubbed out. Dead weeds should be removed after destruction. Weed burners should not be used. Reference NFPA 1, 231, Chubb Telecommunication bulletin

COMMENT: There is excessive vegetation growth in and around the fenced-in area that poses an undue fire hazard to the area.

Our evaluations, reports and recommendations are made solely to assist the insurer in underwriting and loss control. No warranties or representations of any kind are made to you or any other party. Evaluation for any hazard or condition does not mean that it is covered under any policy. Sub: Corrective Recommendations by Gary B. Burnett, Chubb Group of Insurance Companies, resulting from visit by same to KLST tower located at Eola, Texas, April 14, 2004

Dear Mr. Burnett,

Per your recommendations, the following corrective actions have been taken:

2004/04-1. Fire Extinguisher: The fire extinguisher in need of service that was discovered during your visit *has been replaced with a serviceable unit*. We will strive to ensure that no extinguishers are over-looked during our next annual fire extinguisher inspection visit.

2002/04-2. Combustibles: The combustible boxes discovered immediately in front of the electrical panels *have been moved to a more suitable, safe location*. A 36-inch "safe zone" will be maintained adjacent to these panels now, and in the future.

2004/04-3. Vegetation: An annual clean-up program is conducted by KLST personnel via the use of contractors during the month of May each year. Periodic follow-up weed, grass and brush control procedures are conducted through-out the remainder of each year as required. This will continue to be an on-going program. The vegetation growth in and around the fenced-in area *has now been cut, removed and sprayed*.

A copy of the completed work by Coast-to-Coast Tower Company will be forwarded to you upon completion and certification of the work that they are performing. We currently expect for that work to be completed during the latter part of June, 2004.

Sincerely,

Roland D. Bigley

Proposal #05130306T

THIS IS AN AGREEMENT between KLST TV, here after referred to as the Buyer, and Coast to Coast Tower Service, Inc., here after referred to as the Contractor, for tower modification and maintenance services to be provided on the following tower or towers: (1) 1,500' (+/-) guyed tower located near San Angelo, TX.

1. **INSURANCE:** The Contractor agrees to provide insurance coverage for the described work as follows:

General Liability\$10,000,000.00

Workers Compensation Statutory Limits

Builders All Risk Floater\$500,000.00

2. **MOBILIZATION AND COMPLETION:** The Contractor agrees to provide all labor, equipment and expenses needed to mobilize a fully equipped, experienced and OSHA compliant crew to the site upon notice to proceed, which is expected no later than the Summer, 2003. The work will be performed in a workmanlike and expeditious manner without undue interruption until completion. Should delays, not the fault of the Contractor, interrupt the job causing unavoidable cost to the Contractor, that cost will be added to the price of this agreement according to the contractors "Tower Service Rate Sheet" dated October 19, 1999 (copy attached and hereby made part of this agreement).

3. **SCOPE OF THE WORK:**

3a. The contractor will fabricate and deliver (31) replacement diagonal members to the site as recommended in the KLST-TV tower inspection report dated Jan. 10, 2003. The replacement members will be A-123 hot dip galvanized and A-572, 55 KSI yield with A-36 plate end plates. The above specifications meet or exceed original design specifications of the structure.

3b. The contractor will replace (31) damaged diagonal members as further described in Item #3a. above. Appropriate temporary bracing will be used during any structural member replacement. The contractor will provide all materials and temporary bracing.

3c. The contractor will perform the standard elevator system service as recommended in the KLST-TV tower inspection report dated Jan. 10, 2003. NOTE: Should any defective hardware or materials be encountered, repairs are not included, but are available on a Time and Material basis with the written approval of the Buyer.

3d. The contractor will rust treat and paint the rusted areas on the structure as recommended in the KLST-TV tower inspection report dated Jan. 10, 2003. This agreement is based on no more than 20% of the structure needing to be treated. The contractor will provide all needed materials.

3e. The contractor will replace the ground straps for the flexible type transmission lines in sections #6 and #51 as recommended in the KLST-TV tower inspection report dated Jan. 10, 2003. The contrac

tor will provide all needed materials.

3f. The contractor will remove any abandoned or unused equipment from the structure as recommended in the KLST-TV tower inspection report dated Jan. 10, 2003.

3g. The contractor will replace the bolts that secure the clip angle in section #40 as recommended in the KLST-TV tower inspection report dated Jan. 10, 2003. The contractor will provide all needed materials.

3h. The contractor will replace the missing elevator cable guide in section #48 as specified by the manufacturer and recommended in the KLST-TV tower inspection report dated Jan. 10, 2003. The contractor will provide all needed materials.

3j. The contractor will replace the rusted cotter keys for the snubber shackles as recommended in the KLST-TV tower inspection report dated Jan. 10, 2003. The contractor will provide all needed materials.

3k. The contractor will replace the broken grounding cable at the A-2 anchor location to meet the design specifications of the tower manufacturer as recommended in the KLST-TV tower inspection report dated Jan. 10, 2003. The contractor will provide all needed materials.

3l. The contractor will coat the concrete snubber foundation for the C-2 guy wires with a roofing tar as recommended in the KLST-TV tower inspection report dated Jan. 10, 2003. The contractor will provide all needed materials.

4. FINAL INSPECTION: The contractor will perform a final inspection of the work to insure job completion. The site will be cleaned, all packing materials, removed equipment or debris not the responsibility of the Contractor will be stored neatly on site, at the direction of the Buyer, for removal by others. If dumpsters are required they are to be furnished by the Buyer.

5. MATERIALS: Materials are not included in the price of this agreement unless specifically noted. This agreement assumes that all materials will fit properly without fabrication or modification to materials, the structure or systems mounted to the structure unless specifically stated in this agreement. The Contractor may purchase additional materials requested by the Buyer, to be added to the price of this agreement. The contractor will assume **NO** responsibility or liability for equipment or materials installed by others.

6. ALL SERVICES: This agreement is based on performing all of the work during daytime hours, any day of the week, free from hazardous RF radiation. It may be necessary to reduce or terminate power to top and side mounted TV and FM antennas to complete this work. Should a special schedule be required due to the inability of the buyer to reduce or terminate power, there will be additional charges

Acceptance of Proposal - The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as outlined above.

according to the contractors "Tower Service Rate Sheet" dated October 19, 1999 (copy attached and hereby made part of this agreement).

7. WORK SPECIFICATIONS & PERMITS: The buyer is responsible for obtaining any and all permits required prior to the arrival of the contractors crew. All work will be performed by the Contractor in accordance with the specifications provided by the buyer, manufacture (and/or the buyers agents if any). The buyer also hereby agrees that any and all changes to the original work specifications can result in added cost to the contractor which will be added to the total price of this agreement according to the contractors "Tower Service Rate Sheet" dated October 19, 1999 (copy attached and hereby made part of this agreement).

8. INCLEMENT WEATHER: The above referenced work will be subject to the following inclement weather terms and conditions. The price to be paid to the Contractor for days the crew is unable to work due to inclement weather is \$1,500.00 per day. Charges will be applicable from the day the crew arrives on site and remain in affect until the crew has down rigged the tower and loaded for departure from the site. Inclement weather is defined as high wind conditions, rain, icing or any weather condition that might increase the risk in day to day activities on the job site. The contractor will always maintain the sole authority to determine if weather conditions are safe for work on the job site.

9. PAYMENT: Payment is to be made in the amount of \$40,064.00 payable \$12,020.00 upon acceptance of this agreement with progress payments as the work is completed. The final balance including any applicable state sales taxes and freight will be due upon completion of the work, to the buyers satisfaction, within (10) days of invoice date.

KIEST

2004 ALASKA CRUISE INCENTIVE SALES PROGRAM

PREPARED FOR: Lanny Kiest

DATE: April 1, 2002

April 1, 2002

Lanny Kiest
KLST-TV

Dear Lanny,

Enclosed please find the proposal for an 8 day/7 night Alaska cruise. There are a number of points about this program that I would like to clarify.

The Radiance of the Seas is a brand new ship having just made its inaugural voyage in March of last year, so I am confident about the amenities onboard this ship. Another big plus of this program (regarding price) is that it is round-trip from Vancouver. Most Alaska cruises are one-way either northbound to Seward or southbound from Seward to Vancouver. This helps to keep the price of the airfare down by being round-trip from Vancouver. Also, passengers arriving and departing from Seward have a 3-3.5 hour transfer to Anchorage for air service. Many times this results in having to take the group in a day early in order to be able to arrive at the airport or the port on time. The downside to this itinerary is that you have one less port on which to call (Seward).

Please note that I have included prices for two different categories of cabins. Category H cabins are all guaranteed outside staterooms, as can be found on deck three of the ship. http://www.royalcaribbean.com/asp/br_deck_layout.asp?sh=RD&d=03&s=EB5DE65EE5. Also included are prices for Category E3 cabins, which can be found on such levels as deck 7 of the ship. The main difference between these two categories is that the Category E3 cabins are located higher in the ship and have their own private balconies. See http://www.royalcaribbean.com/asp/br_deck_layout.asp?sh=RD&d=07&s=EB5DE65EE5 for more details. The private balconies are a big deal to cruisers, I've learned over the years, so you might want to consider this category.

The big variable in all this is the price of the airfare for 2004. It could be more or less than the estimate included in this proposal, which is based on prices in effect as of today. We won't be able to confirm the exact airfare until about a year out (if we buy into RCCL's air space) or eleven months out if we contract directly with the airlines for our own air space. That brings us to the topic of the advantages and disadvantages of these two methods of buying the airline seats we need for the group.

We can have Royal Caribbean handle the airline reservations for us using their existing fare agreements with the major airlines. Many times it is cheaper to let the cruise line book the air because of their existing agreements with the various airlines. However, this year I was able to purchase the seats directly from American Airlines for less than what

RCCL was offering (for another broadcast incentive customer doing the same itinerary). There are, however, some significant disadvantages to having the cruise line book the air for us.

Number one is that we don't get to choose the flights for the group and the group will not necessarily all travel together on the same flight. They may be split up on several flights.

The second concern is in the pre-reserved seating on the flights. The cruise lines' air departments are notorious for not pre-reserving seats or managing any pre-reserved seat blocks. This will most certainly result in a number of your clients not being able to sit with their traveling companions. From a personal standpoint when this happens, it always appears that I dropped the ball on the seating even though it is completely out of my control.

If we block the airline seats ourselves directly with a carrier, we will have much more control over these factors, but again, it may ultimately cost more to do this. The flights I have listed in this proposal assume that we are handling the airline reservations ourselves rather than through Royal Caribbean.

The last point on pricing is that in the above scenario is that your group of 60 people would qualify for a total of three complimentary berths (cruise only, based on 1/15 paying passengers, double occupancy), if you calculate this savings back over the entire group, the price per person effectively would be reduced to the levels listed in the pricing grid on page 5. Does that make sense? I would still bill you for each person at the "W/O Comps" figure but I would then issue you a credit for the three complimentary berths at the time of the final payment, which effectively reduces the price per person to the "Includes Comps" figure listed in the pricing grid.

I hope this isn't too confusing, but I'm sure we should talk about it so that you can feel comfortable about everything if you are interested in this as a possibility for 2004.

Thanks for giving me the opportunity to work with you again. As always, it will be fun and I am looking forward to it.

Sincerely,

Nick

DESCRIPTIVE ITINERARY

Friday, 8/20/04 San Angelo – Austin

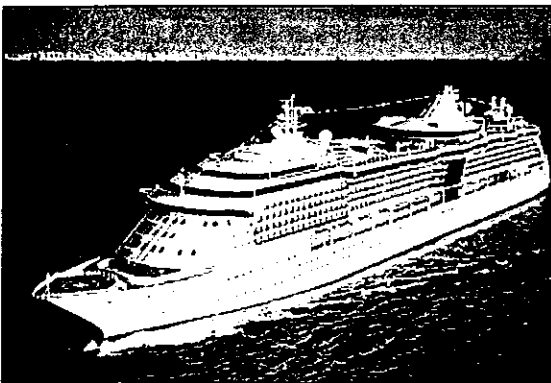

This afternoon, those who choose to travel to Austin on board the private KLST chartered motorcoach may leave their cars parked at the pre-designated meeting sight in San Angelo. A mid-afternoon departure from San Angelo brings us to the capital city in time to check in for the night at the Hampton Inn South before dinner at the County Line on the Lake! If the family style brisket, sausage and gigantic beef ribs aren't enough, there's homemade cobbler and ice cream just waiting to fill you up.

Saturday, 8/21/04 Austin – Vancouver

This morning we continue our journey to the "Land of the Midnight Sun" this morning by departing Austin for Dallas/Ft. Worth on American Airlines. Upon arrival at DFW airport, we'll connect to our non-stop flight to Vancouver, arriving early afternoon. The exact flight schedule is as follows:

American Airlines #1249	21Aug	Austin	DFW	711A	819A
American Airlines #1507	31Aug	DFW	Vancouver	920A	1144P

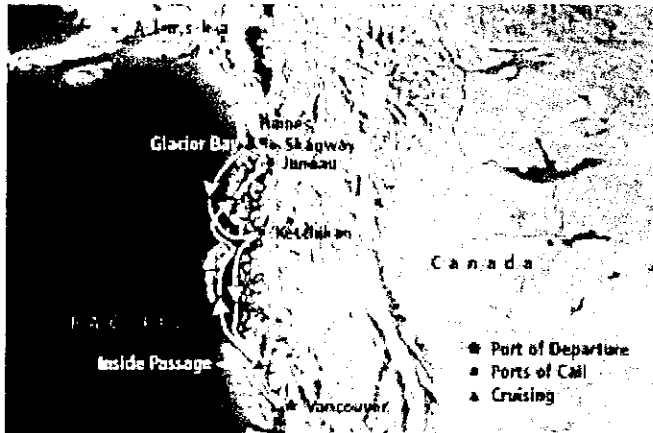

After arriving in Vancouver, this afternoon and passing through Immigration and Customs, we'll be welcomed by a representative of Royal Caribbean and transferred to the Port of Vancouver.

The boarding of our ship, the **Radiance of the Seas** will begin at approximately 1:00 PM this afternoon. Royal Caribbean's Radiance of the Seas offers the ultimate "at sea" experience, combining speed, added comforts, greater space, and sweeping ocean vistas. Among her spectacular features are the 10 story glass constructed Centrum and her glass elevators facing the sea.

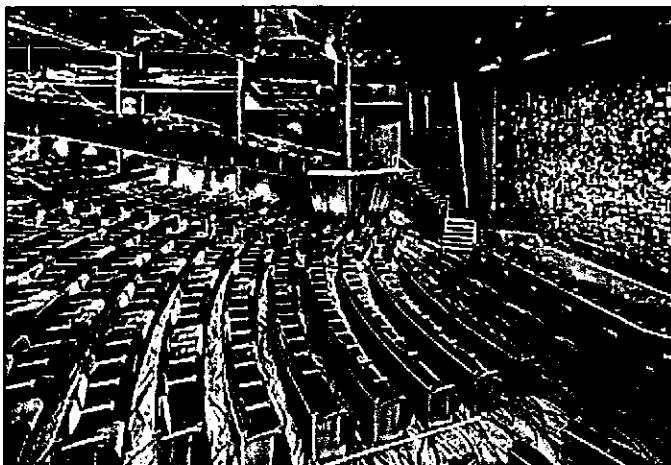

Sunday, 8/22/04 – Inside Passage

Today is spent sailing what is known as the “Inside Passage” This natural sheltered sea route ranges from Seattle to Skagway, Alaska. Extending northwest for more than 1,000 miles, it is comprised of channels and straits between the mainland and islands that protect it from Pacific storms. It is also the favored route for coastal shipping.

Today is also an ideal day to explore the many activities onboard the ship. Check out the pool, shoot some hoops or take in an evening show at the Aurora Theater. And when that's over, don't forget the midnight buffet!

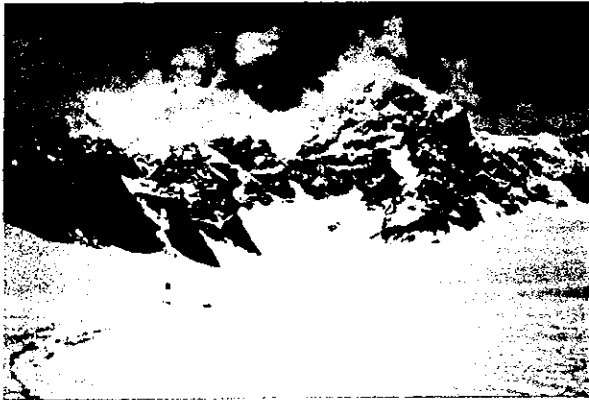

Monday, 8/23/04 – Juneau Alaska

At midday we arrive in the capital city of Alaska, Juneau. Juneau was founded during a gold rush in 1880. Today, the former gold mining town counts among its riches some of Alaska's most spectacular scenery. Nestled at the foot of Mt. Juneau in the Alaskan panhandle, it faces the water from the mainland side of Gastineau Channel. Several magnificent fjords are located along the channel coast and the majestic

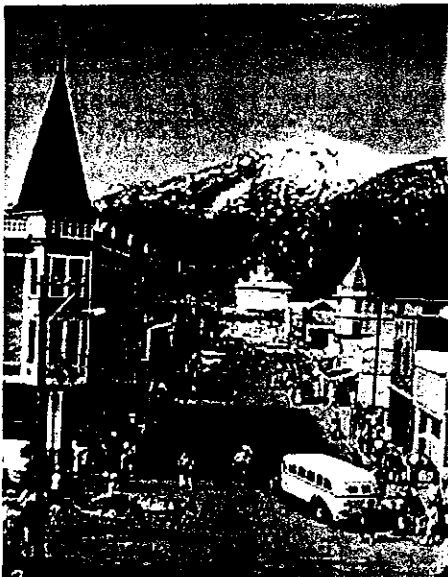

Mendenhall Glacier, a favorite of visitors is nearby.

Optional tours allow those who choose to participate an opportunity to get back to nature in Juneau. They can view the Mendenhall Glacier by air or by water, go whale watching, take a nature walk, or pan for gold. They can even wrap up their day at an Alaskan clambake!

Tuesday, 8/24/04 – Skagway, Alaska

This morning at 6:30AM, we arrive in Skagway. When gold was discovered in the Klondike region of the Yukon Territory (just across the border from Alaska), it resulted in the historic gold rush of 1898. As thousands of gold-crazed adventurers sought the best jumping-off spot for their arduous trek, they found the deepest penetration by boat was at the northern tip of the Lynn Canal, which gave rise to the town of Skagway.

The frontier spirit comes alive today on a choice of optional shore excursions from gold panning to kayaking. We can choose from such activities as boarding the historic White Pass & Yukon Railway, hiking along the Chilkoot "Trail of Gold" or soaring over glaciers on flightseeing tours.

Optional Dyea Adventure Bicycle Tour – A century ago, Dyea was a thriving community

of 10,000 gold stampeeders heading up the Chilkoot Trail to the Klondike. Now, nature has reclaimed the land. Enjoy a guided tour that takes you on a 1 ½ hour ride over flat dirt roads around the historic town site of Dyea. You'll ride through the rain forest, visit historic ruins and the Chilkoot trail head. Out on the coastal tidal flats, you'll view eagles, spectacular wildflowers and gorgeous

mountain scenery as you enjoy the exercise and fresh Alaskan air.

At 8:30PM this evening we lift anchor and sail from Skagway enroute to Hubbard Glacier.

Wednesday, 8/25/04 – Hubbard Glacier (cruising)

At 8:00AM this morning we arrive at Hubbard Glacier. The longest river of ice in North America, the Hubbard Glacier is also one of the most active glaciers of its kind in Alaska. Because the Radiance of the Seas is designed to provide its guests with outstanding views, we will be able to see this massive natural wonder with its 1,350 square miles of blue ice from just about anywhere on the ship.

At around noon, we turn to the south and make our way toward Ketchikan.

Thursday, 8/26/04 – Ketchikan

Just after lunch today, we arrive in Ketchikan. Ketchikan originated as an Indian fish saltery, but the town's growth began when it became a supply base and entry port for miners during the 1898 gold rush to the Klondike. Much of the town's colorful past is still evident, especially in the nearby Indian villages where colorfully carved Indian totem poles can be seen and the fascinating legends that surround them can be heard.

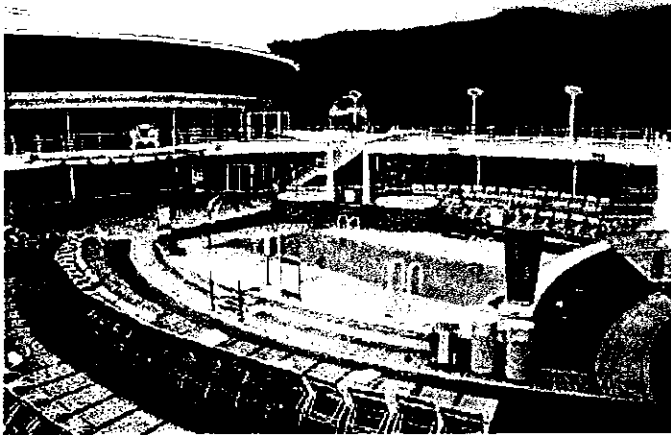

Optional Salmon Sport fishing – The serene, cold waters off Ketchikan, known as the “Salmon Capital Of The World”, abound with five varieties of Northern Pacific Salmon. Those choosing to participate will venture forth in their well equipped fishing boats ranging in size from 26 feet to over 40 feet. The experienced skipper knows where the fishing is at its best and everything needed

will be provided to reel them in!

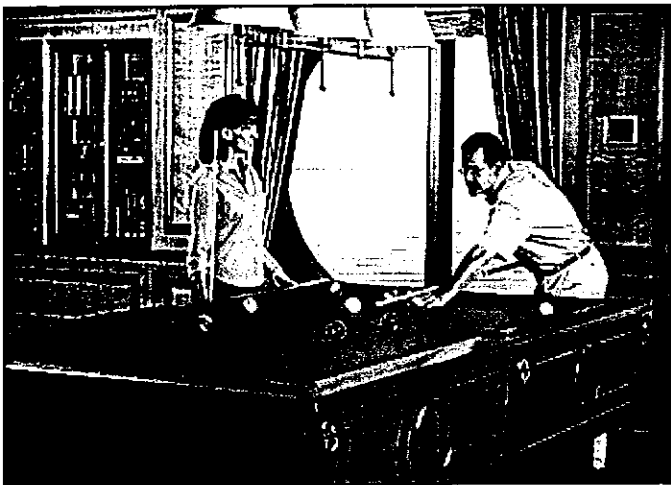

This evening we continue southward through the Inside Passage.

Friday, 8/27/04 – Inside Passage (cruising)

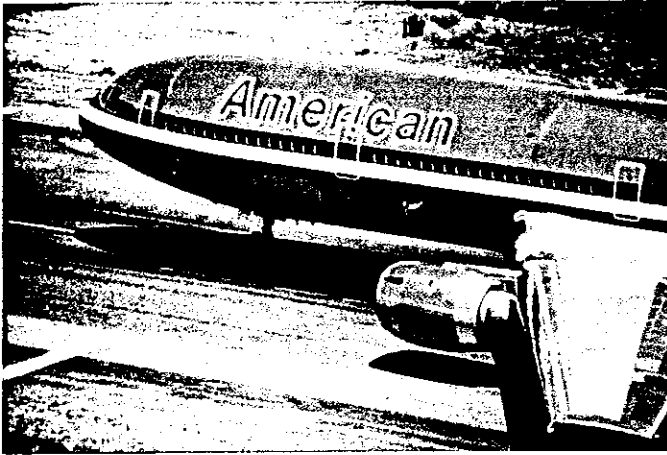

Today is spent heading south toward Vancouver through the Inside Passage while enjoying the activities and amenities offered onboard the Radiance of the Seas.

Saturday, 8/28/04 Vancouver – Austin – San Angelo

This morning we arrive back in Vancouver, where after the ship has been cleared by Customs and Immigration, we board our waiting motorcoach to transfer to the Vancouver airport for our flight home to Austin, arriving late evening. The exact flight schedule is as follows:

American Airlines # 330	07Sep	Vancouver	DFW	130P	732P
American Airlines #773	07Sep	DFW	Austin	851A	949P.

Upon arrival in Austin, you board you waiting private motorcoach outside the airport baggage claim area for the trip home to San Angelo.

- \$300 per person if received on or before May 21, 2004
- \$500 per person if received on or before June 14, 2004
- No refund if received after June 14, 2004.

Final List of Names and Name Changes

The final list of names of the participants in the form of completed Registration Forms (an original of which will be furnished to KLST-TV by Destinations Unlimited) must be **received by Destinations Unlimited on or before June 14, 2004**. Name changes and deviations received **in writing** between June 15, 2004 and July 21, 2004 will be subject to a charge of \$75 per person plus any Royal Caribbean Cruise Line, airline, or any other vendor imposed change fees plus any applicable price difference as a result of the change. Name changes and deviations received after July 21, 2004 will be subject to a charge of \$100 per person plus any Royal Caribbean Cruise Line, airline, or any other

vendor imposed change fees plus any applicable price difference as a result of the change.

Travel Insurance

Travel Insurance is recommended to protect **KLST-TV** against losses incurred as a result of cancellation due to illness or a default by any of the suppliers involved in providing the services listed herein. Rates are available upon request from **Destinations Unlimited**. Should **KLST-TV** elect not to purchase Travel Insurance, **Destinations Unlimited** cannot and will not be responsible for providing or reimbursing **KLST-TV** for undelivered contracted services listed herein as a result of any default by any of the suppliers involved in providing any of the services listed in this proposal.

Responsibility

Destinations Unlimited acts only as agent for the owners or contractors providing transportation, accommodation and other services. All tickets and vouchers are issued subject to any and all terms and conditions under which transportation, accommodation and other services are offered or provided and constitute the sole contract between the tour member and the supplier. **Destinations Unlimited** shall not be liable at any time, in any way, for loss, injury or damage arising from an Act of God, Acts of Government or defacto authority, war, civil unrest, any kind of hostilities, strikes, thefts, sickness quarantine, immigration or customs regulations, hijacking, terrorism, breakdown, delay, cancellation, error, omission, or any other cause beyond its control.

Destinations Unlimited is not responsible for the financial condition of any of the suppliers used in performing the services herein. Furthermore, **Destinations Unlimited** recommends that **KLST-TV** purchase travel insurance to protect itself against default by any of the suppliers of services associated with this tour. Information on travel default insurance is available upon request from **Destinations Unlimited**.

Destinations Unlimited reserves the right, without advance notice, to make any changes or cancellations, in part or in whole, as circumstances dictate for the better operation of the group as a whole. **Destinations Unlimited** also reserves the right to dismiss from this tour with no refund any person whose conduct becomes abusive or disruptive to the operation of this group tour.

The airlines, shipping lines, motorcoach, railroad and any other transportation company, when used, shall not be liable for any act, omission or event during the time passengers are not on board their conveyance.

SCHEDULE 7.5
