MULTIPLE OWNERSHIP

The instant application seeks Commission consent to the assignment of the license of WJSU-TV, Anniston, Alabama (FAC ID 56642) ("WJSU" or "Station"), from TV Alabama, Inc. ("TAI"), a wholly owned subsidiary of Sinclair Television Group, Inc. ("STG"), to HSH Birmingham (WCFT) Licensee, LLC ("HSH Birmingham"). HSH Birmingham also has a pending assignment application to acquire WCFT-TV, Tuscaloosa, Alabama (FAC ID 21258) (BALCDT-20140924ACS) from TAI, which is also in the Birmingham DMA.

Should these assignments be granted, HSH Birmingham would have an attributable interest in two stations in the Birmingham DMA, WCFT-TV and WJSU-TV. Pursuant to the Commission's multiple ownership rule, section 47 C.F.R. 73.3555(b)(1), a party may have an attributable interest in up to two television stations within the same market so long as eight or more independently owned and operating, full-power commercial and noncommercial TV stations remain serving the market post-consummation ("Eight Voices") and at least one of the stations is not ranked among the top four stations in the market ("Top-Four").

As shown in the attached voices chart (Attachment 1), after consummation of the proposed acquisition of WCFT-TV and WJSU-TV by HSH Birmingham, the market will have 10 independent voices.

Although WCFT-TV and WJSU-TV currently operate as ABC network affiliates, HSH Birmingham will not be acquiring the ABC network programming as part of the proposed transaction and as a result, post-consummation, neither WCFT-TV nor WJSU-TV will likely be rated among the Top-Four ranked stations in the Birmingham DMA.¹ Accordingly, HSH Birmingham believes that its proposed acquisition of WCFT-TV and WJSU-TV complies with the Commission's multiple ownership rule since there will, post-consummation, remain at least Eight Voices in the Birmingham DMA and neither of the stations would be considered as ranked among the Top-Four stations in the DMA.

Further, even if the Commission were to consider the most recent rating information for WCFT-TV and WJSU-TV, these stations have historically been reported as a single ABC network affiliate since they, collectively, operate as an 'enhanced coverage duopoly'. As a result, even assuming WCFT-TV and WJSU-TV retained the ABC network programming and were rated

¹ The ABC network programming is being transferred to WABM(TV), Birmingham, AL, licensed to Birmingham (WABM-TV) Licensee, Inc., a wholly owned subsidiary of STG, to be broadcast on a WABM(TV) multi-cast channel. See *In re Media Bureau Approves Allbritton Communications Co. to Sinclair Television Group, Inc.*, DA 14-1055, (rel. July 24, 2014) ("Sinclair would use the multicasting ability of WABM(TV) to broadcast the programming currently offered on both WABM and WCFT/WJSU.").

among the Top-Four stations, the Commission has recognized that in an “enhanced coverage duopoly” situation, the Top-Four ranking component of the Commission's rule should be applied to the collective stations so that both stations are not considered to be in the Top-Four ranked stations in the market. *Review of the Commissions Regulations Governing Television Broadcasting*, 14 FCC Rcd 12903, n.64 (1999). Accordingly, even if HSH Birmingham retained the ABC network programming, HSH Birmingham believes that its proposed acquisition of WCFT-TV and WJSU-TV would comply with the Commission's multiple ownership rule since there would, post-consummation, remain at least Eight Voices in the Birmingham DMA and only one of the stations would be considered as ranked among the Top-Four stations in the DMA.
