

APPLICATION FOR STATION LICENSE
OKLAHOMA COMMUNITY TELEVISION, LLC
K26IR-D DIGITAL LPTV TRANSLATOR STATION
CH 26 - (542-548) MHZ - 0.44 KW
STRONG CITY, OKLAHOMA
May 2010

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Oklahoma Community Television, LLC ("OCT"), permittee of digital low power/companion television translator K26IR-D, Channel 26, Strong City, Oklahoma. OCT holds an outstanding permit for K26IR-D (BMPD TT-20091221ADM), authorizing a reduction in power and a change in the antenna system to be used. This instant application seeks a license to cover the outstanding permit for K26IR-D. Attached as Exhibit A is a calculation of the transmitter output power for the K26IR-D transmitter.

There are no special operating conditions or restrictions on the K26IR-D construction permit. However, OCT will, in cooperation with other tower users, reduce the power of K26IR-D or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines. Based on the foregoing, it is believed K26IR-D is operating pursuant to the Commission's rules.
