

TECHNICAL STATEMENT
RADIO MULTIPLE OWNERSHIP ANALYSIS
Jacor Broadcasting of Colorado, Inc.

This statement and the attached figures were prepared on behalf of Jacor Broadcasting of Colorado, Inc ("JBC"), a licensee subsidiary of Clear Channel Communications, Inc. ("CCC"). JBC proposes to modify the facilities of KBPI(FM), Denver, CO. A multiple ownership analysis was prepared considering the following radio stations under present or proposed common ownership, time brokerage or joint sales¹:

Table 1: Proposed Commonly Owned, Brokered and/or Jointly-Sold Stations
Studied and Associated Arbitron Metro² Information

Call Sign	Band	Fac. Id.	Community	Geographic Arbitron Market	Declared Arbitron Market

Since certain of these stations have overlapping principal community contours (5 mV/m for AM stations, 3.16 mV/m for FM stations), or, are located in, or home to, the same Arbitron Metro Markets, an ownership study has been prepared in accordance with the Federal Communications Commission's local radio ownership rule.³

CCC does not have an attributable interest in any other station with a principal community contour that overlaps or intersects the principal community contour of KBPI(FM) as proposed to be modified, or which is located in the same Arbitron Metro⁴ as KBPI(FM). The community of license of KBPI (FM) is located within the Denver - Boulder, CO Arbitron Metro, and KBPI(FM) is reported by BIA as being "Home" to that Metro. Contour overlap of the station to be modified, as depicted in Figure 1, occurs with commonly-owned stations whose communities of license are located in the nearby Pueblo, CO, Colorado Springs, CO and Ft. Collins - Greeley, CO Arbitron Metro markets.

¹ None of the following stations are attributable by virtue of a time brokerage agreement or joint sales agreement.

² Arbitron data presented herein is taken from BIA's "Media Access Pro."

³ See 47 C.F.R. § 73.3555(a).

⁴ A station is considered to be "located in an Arbitron Metro" if the station's city of license is located within the boundaries of that Metro, or, the station is listed as "Home" to that Metro by Arbitron.

Arbitron Market Study

KBPI (FM) is located within the Denver-Boulder, CO Arbitron Metro, and is declared Home to that Metro. This proposal is in compliance with the local radio ownership rules for that Arbitron Metro, as evidenced by Table 2 below:

Contour-Based Radio Markets

Because KBPI(FM), as proposed to be modified, does not overlap any commonly-owned stations that are not part of an Arbitron Metro, a modified contour study is not required.

Conclusions

In the radio market studied herein, there are at least 45 radio stations, including the subject commonly-owned 3-AM / 5-FM stations, which are home to the Denver - Boulder, CO Arbitron Metro.

This proposal does not affect the existing number of commonly-owned stations in the subject Arbitron Metro.

Based on the above, it is concluded that the proposed modification complies with Section 73.3555(a) of the FCC Rules.

Respectfully submitted,

Troy G. Langham
FCC Engineering Supervisor
