Re: **W250BT (FCC Facility ID No. 139772)**

Dear Ms. Dortch:

Radio One Licenses, Inc. is the proposed assignee of the unbuilt construction permit for W250BT, FCC Facility ID No. 139772, Beaver, Pennsylvania in FCC File No. BAPFT-20160127AEC, and an applicant for Channel 240, Washington DC in FCC File No. BMPFT-20160129AQO under the procedures set forth in *AM Revitalization First Report and Order*, released October 23, 2015, and Modification Window Procedures Public Notice, released October 26, 2015.

The current W250BT expiration date is November 5, 2016.

On March 25, 2016, a waiver of the W250BT expiration date was prospectively granted by the FCC based upon the consummation of the assignment of construction permit application in FCC File No. BAPFT-20160127AEC. That consummation will occur shortly.

Radio One Licenses, Inc. hereby requests a further waiver or tolling of the W250BT construction permit expiration date pending, and based upon, the grant of the currently mutually-exclusive application for Channel 240 at Washington DC in FCC File No. BMPFT-20160129AQO.

Sincerely,

John F. Garziglia
Counsel to Radio One Licenses, Inc.
