Is the STA requesting to operate based on application on file (BDISDTA-20080910AAY)?

Subject: KZUP-CA (Baton Rouge, LA) (BSTA-20090611ACY): Request For Expedited Processing

Mr. Hashemzadeh,

Would it be possible to obtain expedited processing on Friday of the above-referenced STA request (copy attached)? The STA request duplicates the proposal reflected in the pending digital displacement application (BDISDTA-20080910AAY). No interference is predicted on either a pre- or post-transition basis except to WBRL-CA, whose licensee has consented. The station wants to transition to digital with the rest of the Baton Rouge market, but interference prohibits KZUP-CA from operating digitally on its existing channel.

We recognize that you obviously have a lot on your plate, but anything that can be done to expedite processing on Friday would be greatly appreciated. If the Commission finds that it needs additional information to expedite processing, please do not hesitate to contact me.

Thanks and best regards,
Scott Patrick
