

## **EXHIBIT 6a**

The response to question 5 was inadvertently answered “yes” and the original Exhibit 6 was submitted responsive to a presumed “no” response.

In a proceeding involving a license application to convert station WFUN-LP (FAC. ID #60542) to Class A status (FILE NO. BLTTA-20001208AEF), a misrepresentation issue was raised against the licensee, LOCALONE Texas, Ltd. James L. Anderson and Charles J. Brooks are principals of LOCALONE and are also principals of the assignor and assignee. By letter dated July 23, 2004, the Commission Staff dismissed WFUN-LP’s application without making any adverse determination on the misrepresentation issue. The matter, however, was referred to the Enforcement Bureau for its consideration and, therefore, remains unresolved. A timely Petition for Reconsideration and Motion for Stay have been filed. Consequently, the application remains pending.
