

BUSTOS MEDIA HOLDINGS OF UTAH, LLC  
FCC FORM 315  
SECTION IV, EXHIBIT NO. 18

DUOPOLY SHOWING

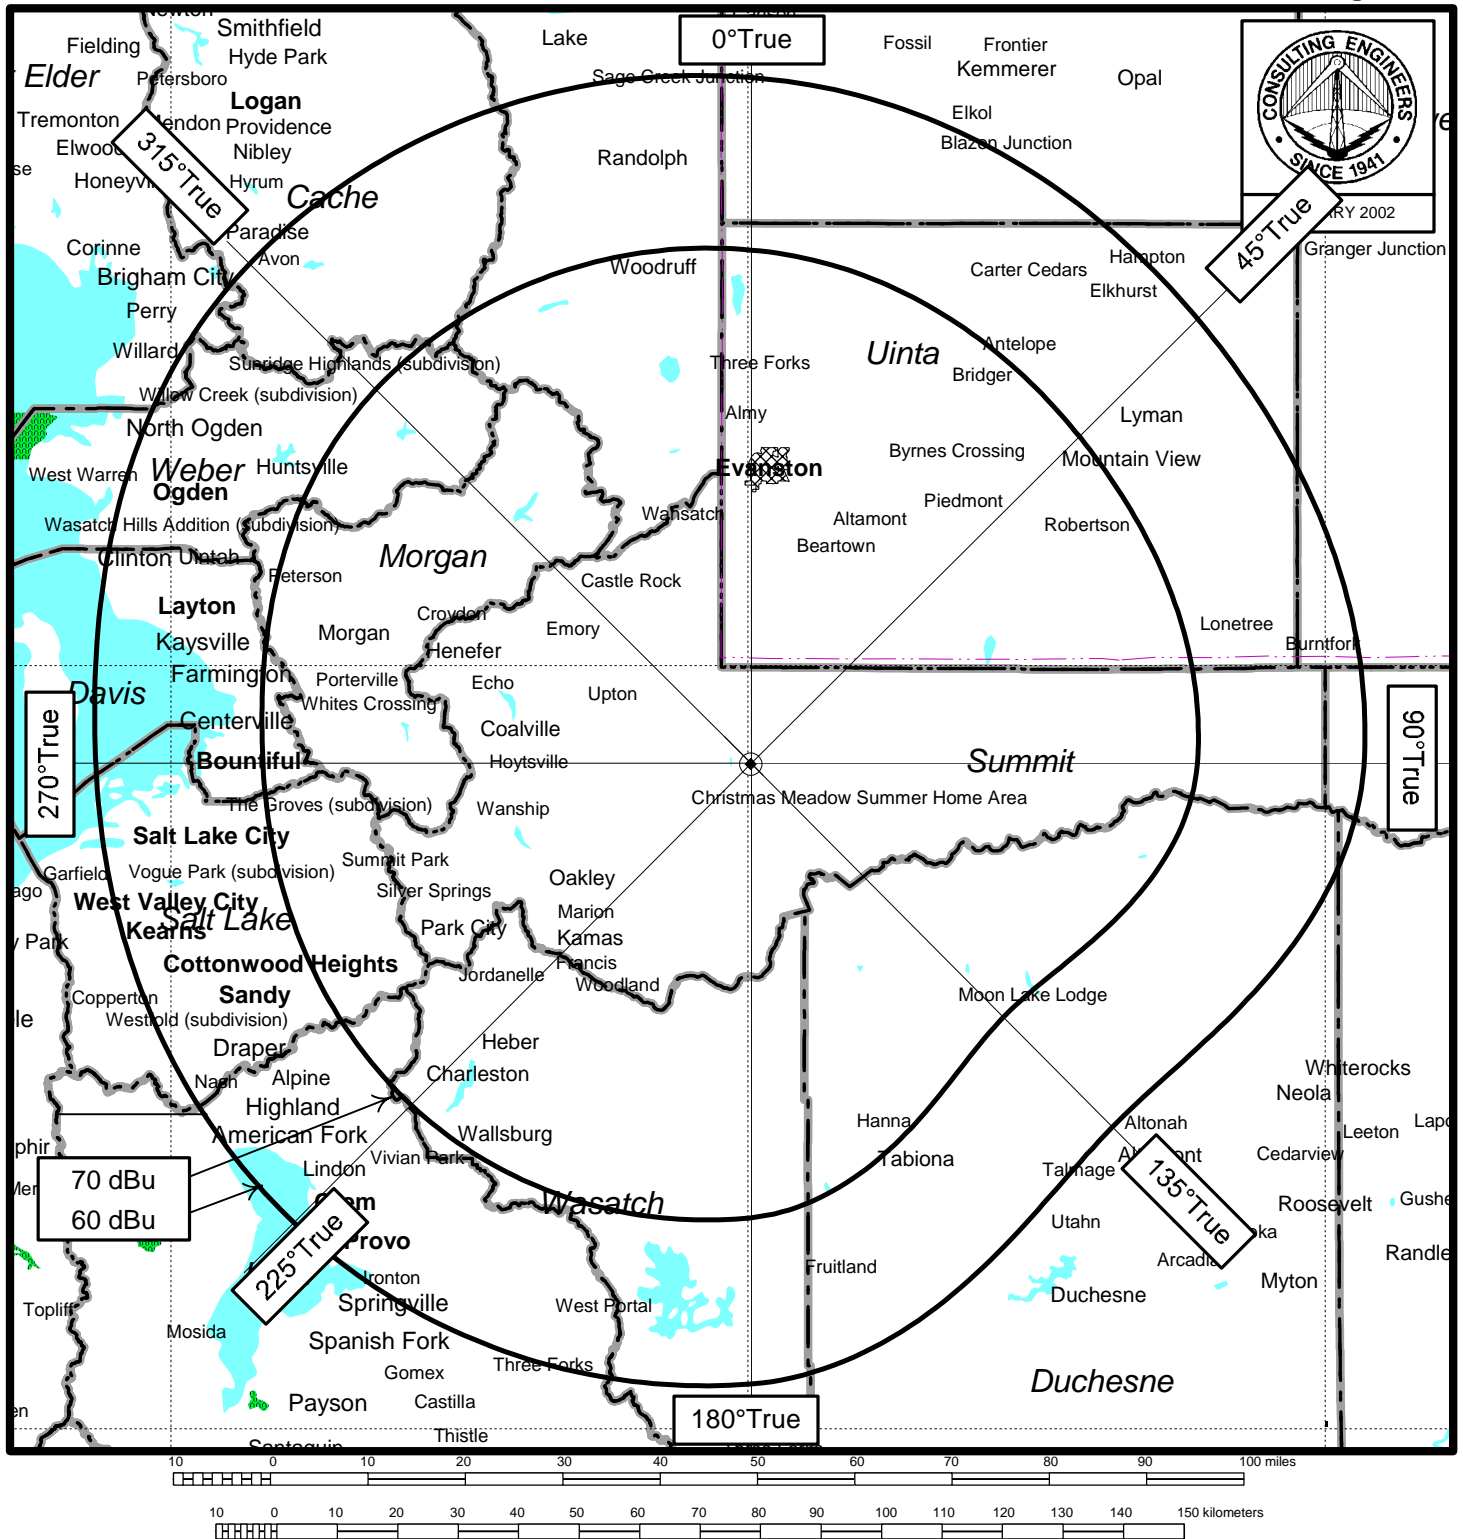

Bustos Media Holdings of Utah, LLC proposes to own in tandem two FM Stations broadcasting from the same transmitter site: KDUT(FM), 102.3 MHz, Randolph, Utah, FCC FIN 88272, and KOTB(FM), 106.1 MHz, Evanston, Wyoming, FCC FIN 20029. A map which depicts the 70 dBu contour for KOTB (and by extension, KDUT) accompanies this showing.

According to the FCC's database, the following commercial aural broadcast stations have main transmitter sites within the 70 dBu contours of both KDUT(FM) and KOTB(FM).

<b>Callsign</b>	<b>Frequency</b>	<b>City</b>	<b>State</b>	<b>FIN</b>	<b>Licensee/Permittee</b>
KEVA(AM)	1240 kHz	Evanston	WY	20028	Sagebrush Broadcasting Co., Inc.
KNYN(FM)	99.1 MHz	Fort Bridger	UT	87470	M. Kent Frandsen
KEGA(FM)	101.5 MHz	Oakley	UT	89255	Simmons-SLC, LS, LLC
KPEB(FM-CP)	103.1 MHz	Coalville	UT	88483	George S. Flinn, Jr.

Therefore, as Bustos Media Holdings of Utah, LLC would own less than one-half of these stations, its proposal to simultaneously acquire KDUT(FM) and KOTB(FM) complies with Section 73.3555 of the Commission's Rules.
