<sup>1</sup> CTN, the assignee of WGNM, is a Georgia non-profit corporation. There is also an entity called Christian Television Network, Inc. that is a Tennessee non-profit corporation and is controlled by the same directors.

<sup>2</sup> CTC is unable to include these broadcast auxiliary licenses in response to Section II, Question 5 because the CDBS system does not recognize the call signs. Thus, CTC is sending a letter under separate cover to the Wireless Bureau requesting that the licensees be assigned to Christian Television Network, Inc.
